You may request stock certificates for shares held by the Plan Administrator in your account at any time, upon request and without charge.

Dividends
You are able to reinvest dividends to purchase additional shares of Paychex common stock. You may reinvest all your dividends or a portion thereof, or you may elect to receive cash dividends without reinvesting. Selling Shares from Your Account
You may instruct the Plan Administrator to sell shares held in your Plan account at any time. Shares will be sold at the then current market price. A transaction fee of $15.00 plus brokerage commission of $.10 per share will be automatically deducted from your proceeds when your payment check is mailed.

There is no fee for depositing your certificates, unless you instruct the Administrator to sell the shares, in which case the sales fee will be applied.

Transferring Shares
You may transfer or provide a stock gift to another person at any time and without charge. Individual accounts will be maintained as an account desiring to reinvest all cash dividends unless the Plan Administrator is instructed to pay dividends in cash.

Statements and Forms
Each participant who elects to reinvest some or all of his or her dividends will receive a quarterly statement that reflects all investment activity and all dividends applied toward reinvestment. Each time a purchase is made for you, you will also receive a confirmation advice reflecting your purchase price and the number of shares purchased for you. Each form you receive will contain a tear-off stub that can be used for any future Plan transactions you may desire. In addition, the Plan Administrator’s automated telephone system and Internet site can also accept your transaction instructions more conveniently and quickly than instructions sent by mail.
