### Annual Distributions to Stockholders (\$millions)

## Pay-for-Performance

Key features of the executive compensation program that tie compensation to the Company's performance are:

- A significant portion of annual compensation is "at risk" based on performance. For the President and Chief Executive Officer, 89% of his total target compensation is at risk. On average for other named executive officers ("NEOs"), 85% of their total target compensation is at risk.
- Variable compensation is comprised of an annual cash incentive program and longer-term equity-based incentives. For the annual cash incentive for fiscal 2017, results for certain performance metrics were less than target, resulting in payouts below target.
- Annual grants of performance shares in July 2015 reached the end of the two-year performance period in May 2017. Achievement was slightly below target. The shares earned are restricted for an additional one-year period.

For more information on compensation for our NEOs and how it ties to performance, refer to the Compensation Discussion and Analysis and Named Executive Officer Compensation sections of this proxy statement.

## PROPOSAL 1: ELECTION OF DIRECTORS FOR A ONE-YEAR TERM

### *Proposal Snapshot*

#### *What am I voting on?*

Stockholders are being asked to elect ten director nominees for a one-year term. This section includes information about the Board and each director nominee.

#### *Voting Recommendation*

The Board recommends a vote FOR each of the ten director nominees.

The Board is elected by the stockholders to oversee the overall success of the Company, review its operational and financial capabilities, and periodically assess its long-term strategic objectives. The Board serves as the ultimate decision-making body of the Company, except for those matters reserved to stockholders. The Board selects and oversees the members of senior management, who are charged by the Board with conducting the day-to-day business of the Company. The Board acts as an advisor to senior management and ultimately monitors management’s performance.

### Election Process

The Company’s By-Laws provide for the annual election of directors. The By-Laws provide that each director shall be elected by a majority of the votes cast for the director at any meeting held for the election of directors at which a quorum is present. If a nominee that is an incumbent director does not receive a required majority of the votes cast, the director shall offer to tender his or her resignation to the Board. The Governance and Compensation Committee (the “G&C Committee”) shall consider such offer and will make a recommendation to the Board on whether to accept or reject the resignation, or whether other action should be taken. The Board will consider the G&C Committee’s recommendation and will determine whether to accept such offer.

### 2017 Nominees for Director

At the 2017 Annual Meeting, there are ten nominees for election as director, as listed on the following pages. Each of the nominees is a current member of the Board. The ten persons listed have been nominated for election to the Board by the Company’s G&C Committee. The nominees, with the exception of Mr. Golisano and Mr. Mucci, are independent under both the NASDAQ Stock Market (“NASDAQ”) and Securities and Exchange Commission (“SEC”) director independence standards. If elected, each nominee will hold office until his or her successor is elected and has qualified or until his or her earlier resignation or removal. We believe that all of the nominees will be available to serve as a director. However, if any nominee should become unable to serve, the persons named in the enclosed proxy may exercise discretionary authority to vote for substitute nominees proposed by the Board.

## Election of Directors

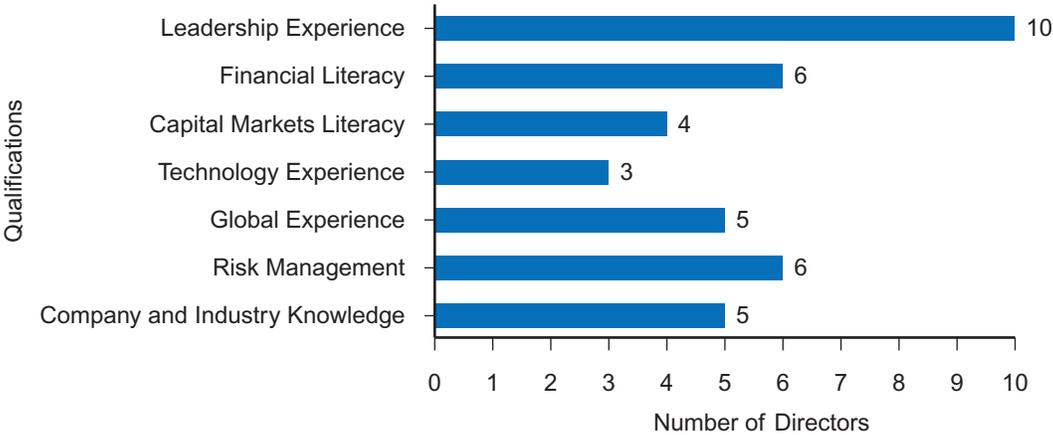

The Board believes that the combination of the various qualifications, skills, and experience of the 2017 director nominees will continue to contribute to an effective and well-functioning Board. ## DIRECTOR COMPENSATION FOR THE FISCAL YEAR ENDED MAY 31, 2017

Director compensation is set by the G&C Committee and approved by the Board. The Board's authority cannot be delegated to another party. The Company's management does not play a role in setting Board compensation. The Company compensates the independent directors of the Board using a combination of cash and equity-based compensation. Martin Mucci, President and CEO, receives no compensation for his services as director. Rather, the compensation received by Mr. Mucci in his role as President and CEO is shown in the Fiscal 2017 Summary Compensation Table, contained in the Named Executive Officer Compensation section of this proxy statement.

Board compensation is approved by the G&C Committee in January for the upcoming calendar year. In January 2017, the annual cash retainer applicable to all independent directors was increased from \$75,000 to \$80,000. The Audit Committee Chair and G&C Committee Chair annual retainers were each increased by \$2,000 to \$22,000 and \$14,500, respectively. In addition, a \$2,000 annual retainer was established for both the Investment Committee Chair and the Corporate Development Advisory Committee Chair. In January 2017, the total estimated value of equity-based compensation for independent directors was increased from approximately \$125,000 to approximately \$130,000. These changes to Board compensation were made based on a review of Peer Group benchmarking information provided to the G&C Committee by its independent compensation consultant.

Mr. Golisano, who is not an independent director, receives an annual retainer of \$300,000 for his services as Chairman of the Board, paid in quarterly installments.

The table below presents the total compensation received from the Company by all directors except Mr. Mucci for fiscal year ended May 31, 2017 ("fiscal 2017").

## Director Compensation

### Fees Earned or Paid in Cash (Column (b))

The amounts reported in this column reflect the annual cash compensation paid to the directors during fiscal 2017, whether or not such fees were deferred. Annual cash compensation for directors is comprised solely of annual retainers, which are paid in quarterly installments. These retainers are paid for participation on the Board with separate retainers for committee membership. In addition to their committee membership retainers, the committee chairs (with the exception of the Executive Committee) receive additional retainers in recognition for their time contributed in preparation for committee meetings. The annual retainers in effect for calendar years 2017 and 2016 are as follows:

Compensation Element	2017	2016
Annual cash retainer, applicable to all independent directors	\$80,000	\$75,000
Audit Committee member annual retainer	\$10,000	\$10,000
G&C Committee member annual retainer	\$ 7,500	\$ 7,500
Investment Committee member annual retainer	\$ 5,000	\$ 5,000
Executive Committee member annual retainer	\$ 5,000	\$ 5,000
Corporate Development Advisory Committee member annual retainer	\$ 5,000	\$ 5,000
Audit Committee Chair annual retainer <sup>(1)</sup>	\$22,000	\$20,000
G&C Committee Chair annual retainer <sup>(1)</sup>	\$14,500	\$12,500
Corporate Development Advisory Committee Chair annual retainer <sup>(1)</sup>	\$ 2,000	\$ —
Investment Committee Chair annual retainer <sup>(1)</sup>	\$ 2,000	\$ —

(1) The committee Chair receives the Chair annual retainer in addition to the respective committee retainer.

### Equity Awards: Stock Awards (Column (c)) and Option Awards (Column (d))

The amounts reported in these columns reflect the grant-date fair value of restricted stock awards and stock option awards, respectively, granted to each director, and do not reflect whether the recipient has actually received a financial gain from these awards (such as a lapse in the restrictions on a restricted stock award or by exercising stock options). For fiscal 2017, the equity-based compensation structure for independent directors was based on a total value of approximately \$125,000 per director, with approximately 50% awarded in the form of stock options and 50% in the form of restricted stock. In July 2016, all independent directors, with the exception of Mr. Bonadio, received an annual equity award under the Paychex, Inc. 2002 Stock Incentive Plan, as amended and restated October 14, 2015 (the "2002 Plan") as follows:

	Restricted Stock Awards	Stock Option Awards
Grant Date	July 7, 2016	July 7, 2016
Exercise Price	NA	\$60.59
Quantity	1,089	10,220
Fair Value <sup>(1)</sup>	\$60.59	\$5.87
Vesting Schedule	On the first anniversary of the date of grant.	On the first anniversary of the date of grant.
Certain Restrictions	Shares may not be sold during the director's tenure as a member of the Board, except as necessary to satisfy tax obligations.	n/a
Other <sup>(2)</sup>	Upon the discretion of the Board, unvested shares may be accelerated in whole or in part for certain events including, but not limited to, director retirement.	Unvested options outstanding upon the retirement of a Board member will be canceled.

(1) The fair value of restricted stock awards is determined based on the closing price of the underlying common stock on the date of grant. The fair value of stock option awards is determined using a Black-Scholes option pricing model. The assumptions used in determining the July 7, 2016 fair value of \$5.87 per share for these stock options were: risk-free rate of 1.3%; dividend yield of 3.6%; volatility factor of 0.18; and expected option term life of 6.5 years.

(2) Retirement eligibility for this purpose begins at age 55 or older with ten years of service as a member of the Board.

## Director Compensation

Mr. Bonadio received a prorated equity award, granted January 15, 2017, upon his appointment to the Board. He received 528 restricted stock awards at a fair value of \$61.47 per share and 4,404 stock options with an exercise price of \$61.47 per share and a fair value of \$7.30 per share. All other terms of these awards are consistent with the July 2016 annual equity grants to the independent directors. The assumptions used in determining the January 15, 2017 fair value of \$7.30 per share for his stock options were: risk-free rate of 2.3%; dividend yield of 3.3%; volatility factor of 0.17; and expected option term life of 6.5 years.

As of May 31, 2017, each independent director had the following equity awards outstanding:

Director	Restricted Stock Outstanding (Shares)	Stock Options Outstanding (Shares)
Thomas F. Bonadio	528	4,404
Joseph G. Doody	1,089	21,709
David J.S. Flaschen	1,089	85,171
Phillip Horsley	1,089	71,235
Grant M. Inman	1,089	78,921
Pamela A. Joseph <sup>(1)</sup>	—	68,701
Joseph M. Tucci	1,089	97,421
Joseph M. Velli	1,089	91,421

(1) Ms. Joseph resigned from the Board in March 2017.

## Deferred Compensation Plan

We maintain a non-qualified and unfunded deferred compensation plan in which all independent directors are eligible to participate. Directors may elect to defer up to 100% of their Board cash compensation. The Company does not contribute to this plan. Gains and losses are credited based on the participant's selection of a variety of designated investment choices, which the participant may change at any time. We do not match any participant deferral or guarantee a certain rate of return. The interest rates earned on these investments are not above-market or preferential. Refer to the Non-Qualified Deferred Compensation table and discussion within the Named Executive Officer Compensation section of this proxy statement for a listing of investment funds available to participants and the annual rates of return on those funds. During fiscal 2017, no independent directors deferred compensation under the plan.

## Benefits

We reimburse each director for expenses associated with attendance at Board and committee meetings.

## Stock Ownership Guidelines

The G&C Committee set stock ownership guidelines for our independent directors with a value of five times his or her annual Board retainer, not including any committee or committee chair retainers. The ownership guidelines were established to provide long-term alignment with stockholders' interests. The independent directors are expected to attain the ownership guideline within five years after the later of first becoming a director or the initial adoption of the guideline. Directors must hold underlying stock received through restricted stock awards until their service on the Board is complete, with the exception of those shares sold as necessary to satisfy tax obligations. For the purpose of achieving the ownership guideline, restricted stock awarded to the directors is included. All independent directors are currently compliant with the stock ownership guidelines.

## CORPORATE GOVERNANCE

The Board recognizes the fundamental principle that good corporate governance is critical to organizational success and the protection of stockholder value. As such, the Board has adopted a set of Corporate Governance Guidelines as a statement of principles guiding the Board's conduct. These principles are intended to be interpreted in the context of all applicable laws and the Company's Restated Certificate of Incorporation, By-Laws, as amended, and other governing documents. A copy of these guidelines can be found on our website at: <http://investor.paychex.com/governance>.

### Board Leadership Structure

---

The Board's current leadership structure is comprised of:

- Chairman of the Board and non-independent director (Mr. Golisano);
- the President and CEO as a non-independent director (Mr. Mucci);
- an independent director serving as Lead Independent Director (Mr. Tucci); and
- Audit, G&C, Corporate Development Advisory, and Investment committees led by independent directors.

The Board believes this structure provides a well-functioning and effective balance between strong Company leadership and appropriate safeguards and oversight by independent directors. The Board currently separates the role of Chairman of the Board from the CEO. We believe that the Company is best served by having a Chairman who has in-depth knowledge of the Company's operations and the industry, but is not involved in the day-to-day operations of the Company. Mr. Golisano's extensive experience as founder and former CEO qualifies him to lead the Board, particularly as it focuses on strategic risks and opportunities facing the Company.

Our Lead Independent Director has responsibility for conducting regularly scheduled executive sessions of the independent directors and such other responsibilities as the independent directors may assign. Regularly scheduled executive sessions of the members of the Board, without members of management present, are held at each regularly-scheduled Board meeting. As appropriate, matters presented to the Board by the G&C Committee are reviewed and discussed in executive session by the independent directors.

The Board and its standing committees that meet regularly conduct performance self-evaluations at least annually to assess the qualifications, attributes, skills, and experience represented on the Board and to determine whether the Board and its committees are functioning effectively.

## Corporate Governance

### Board Oversight of Risk

One of the most important functions of the Board is oversight of risks inherent in the operation of the Company's business. Senior management is responsible for the day-to-day management of risks facing the Company. The Board implements its risk oversight function both as a whole and through delegation to Board committees. The Board is responsible for ensuring an appropriate culture of risk management exists within the Company, overseeing the Company's aggregate risk profile, and monitoring how the Company addresses specific risks. The Board receives regular reports from officers on particular risks to the Company, reviews the Company's strategic plan, and regularly communicates with its committees.

The Board committees, which meet regularly and report back to the full Board, play significant roles in carrying out the risk management function. In general, the committees oversee the following risks:

Committee	Primary Risk Oversight Area
<b>Audit Committee</b>	<ul style="list-style-type: none"><li>• Risk related to financial statement accuracy and reporting;</li><li>• Internal controls;</li><li>• Legal, regulatory, and compliance risks;</li><li>• Information security, technology, and privacy and data protection; and</li><li>• Other operational and fraud risks.</li></ul>
<b>Investment Committee</b>	<ul style="list-style-type: none"><li>• Risk related to investing activities.</li></ul>
<b>G&amp;C Committee</b>	<ul style="list-style-type: none"><li>• Risks arising from the Company's compensation policies and practices for all employees and non-employee directors; and</li><li>• Governance structure and processes including succession planning, director independence, and related-person transactions.</li></ul>

The G&C Committee regularly reviews the risks and rewards associated with our compensation programs. The programs are designed with features that mitigate risk without diminishing the incentive nature of the compensation. As part of its risk oversight, the G&C Committee conducts an annual assessment of risks arising from the Company's compensation programs. The G&C Committee reviewed such programs with its independent compensation consultant. The G&C Committee's assessment included identification of risk with the various forms of compensation, the inherent risk in performance-based compensation metrics, and existing risk mitigation controls. Risk mitigation includes, but is not limited to, the balance of fixed and variable compensation, the balance of short- and long-term compensation, stock ownership guidelines, level of oversight, and controls over financial reporting. Based on this review, the G&C Committee concluded that the Company's compensation policies and procedures are not reasonably likely to have a material adverse effect on the Company.

### Board Meetings and Committees

Our Corporate Governance Guidelines require that our Board meet at least four times per year. The Board held four meetings in fiscal 2017. To the extent practicable, directors are expected to attend all Board meetings and meetings of the committees on which they serve. During fiscal 2017, each director attended 100% of the meetings of the full Board, and 90% or more of the total of the Board meetings and committee meetings on which the director served. Directors are expected to attend the Company's Annual Meetings of Stockholders. All of our then-current directors attended the 2016 Annual Meeting of Stockholders. All directors are independent within the meaning of applicable SEC and NASDAQ director independence standards, with the exception of Mr. Golisano and Mr. Mucci.

The Audit, Investment, G&C, and Corporate Development Advisory Committees' responsibilities are more fully described in each committee's charter adopted by the Board, which are accessible on the Company's website at <http://investor.paychex.com/governance>.

## Nomination Process

---

The G&C Committee is responsible for recommending candidates to the full Board to either fill vacancies or stand for election at each annual meeting of stockholders. The committee follows the Board's Nomination Policy, which is included in the G&C Committee Charter. The Board does not have a formal policy regarding diversity. However, the Board has determined that it is necessary for the continued success of the Company to ensure that the Board is composed of individuals having a variety of complementary experience, education, training, and relationships relevant to the then-current needs of the Board and the Company.

In evaluating candidates for nomination to the Board, including candidates for nomination recommended by a stockholder, the Nomination Policy requires G&C Committee members to consider the contribution that a candidate for nomination would be expected to make to the Board and the Company. This is based upon the current composition and needs of the Board, and the candidate's demonstrated business judgment, leadership abilities, integrity, prior experience, education, training, relationships, and other factors that the Board determines relevant. In identifying candidates for nomination to fill vacancies created by the expiration of the term of any incumbent director, the Nomination Policy requires G&C Committee members to determine whether such incumbent director is willing to stand for re-election and, if so, to take into consideration the value to the Board and to the Company of their continuity and familiarity with the Company's business. The Board has previously used a third-party search firm to identify director candidates and the G&C Committee is authorized by its charter to continue this practice.

The Nomination Policy requires the G&C Committee to consider candidates for nomination to the Board recommended by any reasonable source, including stockholders. Stockholders who wish to do so may recommend candidates for nomination by identifying such candidates and providing relevant biographical information in written communications to the Chairman of the G&C Committee in accordance with the policy described in the section entitled "Communications with the Board of Directors."

## Policy on Transactions with Related Persons

---

Related persons include our executive officers, directors, director nominees, and holders of more than 5% of the Company's common stock, as well as their immediate family members. It is generally the Company's practice to avoid transactions with related persons. However, there may be occasions when a transaction with a related person is in the best interest of the Company. The Company's policies and procedures for review and approval of related-person transactions appear in the Company's Standards of Conduct, Conflict of Interest, and Employment of Relatives Standards, which are internally distributed, and in the Company's Code of Business Ethics and Conduct, which is posted on the Company's website at <http://investor.paychex.com/governance>.

Officers are required to disclose any potential conflicts of interest or related-person transactions, which include: certain financial interests in or relationships with any supplier, customer, partner, subcontractor, or competitor; and engaging in any activity that could create the appearance of a conflict of interest, including financial involvement or dealings with employees or representatives of the types of entities listed above. Annually, officers and directors complete a Director's and Officer's Questionnaire, within which they provide information regarding whether the individual or any member of their immediate family had any interest in any actual or proposed transaction with the Company or any of its subsidiaries where the amount involved exceeded \$120,000. The individuals are also asked about any other economic relationships that might be conflicts of

interest. The responses are reviewed by our Financial Reporting and Legal Departments to determine if a conflict of interest exists related to any such transaction. For officers, the Company's Chief Financial Officer ("CFO") oversees the review of such transactions.

Members of the Board are required to disclose to the Chairman of the Board or the Chairman of the G&C Committee any situation that involves, or may reasonably be expected to involve, a conflict of interest with the Company. This includes engaging in any conduct or activities that would impair the Company's relationship with any person or entity with which the Company has or proposes to enter into a business or contractual relationship.

The Financial Reporting department annually reviews the Company's listing of related persons for determination of potential related-person transactions that should be disclosed in the Company's periodic reports to the SEC or under U.S. generally accepted accounting principles ("GAAP") and SEC rules or proxy materials under SEC rules. The G&C Committee is required to consider all questions of possible conflicts of interest of Board members and executive officers, including review and approval of transactions of the Company in excess of \$120,000 in which a director, executive officer, or an immediate family member of a director or executive officer has an interest. The factors considered by the G&C Committee in their review, include: the business objective of the transaction; the individual's involvement in the transaction; whether the transaction would impact the judgment of the officer or director to act in the best interest of the Company; and any other matters the G&C Committee deems appropriate. For fiscal 2017, no instances of conflict or non-compliance have occurred. Should a conflict of interest be identified, relevant information and circumstances would be reviewed to determine if action is required relative to continuing the arrangement.

For fiscal 2017, the following transactions in excess of \$120,000 were identified and communicated to the G&C Committee:

- Mr. Tucci, a member of our Board, was the Chairman of the Board, CEO, and President of EMC Corporation until September 2016. During fiscal 2017, the Company purchased through negotiated transactions approximately \$0.6 million of data processing equipment and software from EMC Corporation. Mr. Tucci was not personally involved in the negotiation of these transactions.
- Mr. Doody, a member of our Board, is the Vice Chairman of Staples, Inc. During fiscal 2017, the Company purchased through negotiated transactions approximately \$2.9 million of office supplies from Staples, Inc. Mr. Doody was not personally involved in the negotiation of these transactions.

### Governance and Compensation Committee Interlocks and Insider Participation

---

None of the members of the G&C Committee were at any time during fiscal 2017, or at any other time, an officer or employee of the Company. Mr. Tucci, a member of the Board, is Chairman of the G&C Committee, and is also a former executive of EMC Corporation. As previously noted, the Company purchases data processing equipment and software from EMC Corporation. During fiscal 2017, no member of the G&C Committee or Board was an executive officer of another entity on whose Compensation Committee or Board of Directors an executive officer of Paychex served.

### Communications with the Board of Directors

In the case of communications intended for committee chairs, the specific committee must be identified. Any such communications that do not identify a standing committee will be forwarded to the Board. The Corporate Secretary will promptly forward all stockholder and other interested party communications to the Board or to the appropriate standing committee of the Board, as the case may be.

## PROPOSAL 2: ADVISORY VOTE TO APPROVE NAMED EXECUTIVE OFFICER COMPENSATION

### Proposal Snapshot

- *What am I voting on?*

Stockholders are being asked to approve, on an advisory basis, the compensation of our NEOs as described in the Compensation Discussion and Analysis (“CD&A”) and the Named Executive Officer Compensation sections of this proxy statement.

- *Voting Recommendation*

The Board of Directors recommends a vote FOR the advisory vote approving the NEO compensation, as disclosed in this proxy statement.

We are asking our stockholders to provide advisory approval of the compensation of our NEOs. This proposal, commonly known as a “say-on-pay” proposal, gives our stockholders an opportunity to express their views on the overall compensation of our NEOs and the philosophy, policies, and practices as described in this proxy statement. Our stockholders are currently given the opportunity to vote, on a non-binding, advisory basis, on say-on-pay proposals annually, with the next opportunity to vote on such a proposal being the 2018 Annual Meeting of Stockholders. **Before you vote, we encourage you to read the CD&A and Named Executive Officer Compensation sections of this proxy statement, which provide detailed information on the Company’s compensation policies and practices, and overall compensation of our NEOs.**

### Compensation Programs Highlights

Our executive compensation programs are designed to attract, motivate, and retain highly qualified NEOs, who are critical to our success. We strongly believe that our executive compensation — both pay opportunities and pay actually realized — should be tied to Company performance. Under our compensation programs, the NEOs are rewarded for the achievement of specific annual and longer-term strategic and financial goals of the Company. Some key aspects of our compensation programs that you should consider are:

- NEO compensation is evaluated and determined by our G&C Committee, which is entirely comprised of independent directors. This committee utilizes the services of an independent consultant to advise them on matters of executive compensation.
- Our executive compensation program is designed to implement core compensation principles, including alignment with stockholders’ interests, long-term value creation, and pay-for-performance. A significant portion of pay is at risk where the amount realized will be dependent on achievement of financial targets or, in the case of certain time-vested equity awards, the value of the Company’s stock.
- A mix of annual and long-term incentive programs creates a balance between short-term and long-term focus, reducing risk in the compensation programs.
- Our equity-based, long-term incentive awards include a mix of options, time-based restricted stock awards, and performance-based awards.

In addition, we have responsible compensation practices that ensure consistent leadership and decision-making, certain of which are intended to mitigate risk. These include:

- Stock ownership guidelines for directors and executive officers, designed to align the director’s and executives’ long-term financial interests with those of our stockholders.
- Prohibition of hedging of the Company’s stock for both directors and executive officers.
- Prohibition of pledging Company stock as collateral without prior approval by the Company.
- A long-standing insider trading policy.
- Certain recoupment, non-compete, and other forfeiture provisions within our Annual Officer Performance Incentive Program (the “annual incentive program”) and equity-based compensation agreements. These allow the Company to cancel all or any outstanding portion of equity awards and recoup the gross value of any payouts under the annual incentive program, vested restricted shares, or profits from exercises of options.

## Say-on-Pay Vote

### Results of the 2016 Say-on-Pay Vote

---

At the 2016 Annual Meeting of Stockholders held on October 12, 2016, approximately 97% of the total stockholder votes cast were in favor of the Company's NEO compensation as presented in our 2016 proxy statement. The G&C Committee considered this favorable outcome and believed it conveyed our stockholders' support of the committee's decisions and the existing executive compensation programs. As we evaluated our compensation practices and talent needs throughout fiscal 2017, we remained mindful of the strong support for our compensation policies and practices communicated by our stockholders at the last annual meeting. As a result, the G&C Committee retained the core design of our executive compensation programs as it believes the program continues to attract, retain, and provide appropriate incentive for senior management.

### Advisory Vote

---

The G&C Committee, along with the Board, believe that the policies, procedures, and amounts of compensation discussed here, and described further in this proxy statement, are effective in achieving the desired goals of aligning our executive compensation structure with the interests of our stockholders. To indicate approval of our NEO compensation, a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting must be voted for the proposal.

This say-on-pay vote is advisory and therefore is not binding on the Company, the G&C Committee, or our Board. Our Board values the opinions of our stockholders and, to the extent that there is any significant vote against the NEO compensation as disclosed in this proxy statement, will consider our stockholders' concerns and the G&C Committee will evaluate whether actions are necessary to address these concerns.

**The Board recommends a vote FOR the proposal to approve the NEO compensation on an advisory basis, as disclosed in this proxy statement.**

## PROPOSAL 3: ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON NAMED EXECUTIVE OFFICER COMPENSATION

### *Proposal Snapshot*

- *What am I voting on?*

Stockholders are being asked to vote on the frequency of future say-on-pay votes, as provided in Proposal 3.

- *Voting Recommendation*

The Board of Directors recommends a vote of ONE YEAR for the frequency with which stockholders will have an opportunity to cast an advisory vote on the compensation of the Company's NEOs as set forth in the Company's proxy statement.

In addition to the advisory say-on-pay vote, we are seeking a stockholder advisory vote on the frequency of future say-on-pay votes, as provided here in Proposal 3. Stockholders may indicate how often they would prefer a say-on-pay advisory vote to occur: every year, every two years, or every three years. In addition, stockholders may abstain from voting. The Dodd-Frank Wall Street Reform and Consumer Protection Act requires the Company to hold the advisory vote on the frequency of say-on-pay votes at least once every six years.

After careful consideration, our Board has determined that a vote on say-on-pay every year is the most appropriate for the Company at this time, and recommends that stockholders vote for the Company to hold annual advisory votes on executive compensation, as decisions on executive compensation are made annually. We believe that an annual advisory say-on-pay vote allows us to obtain frequent and timely input from our stockholders regarding corporate governance and executive compensation philosophy, policies, and practices.

The option of every year, every two years, or every three years that receives the vote of the holders of a majority of the voting power entitled to vote will be the frequency for the advisory say-on-pay vote that has been selected by the stockholders. However, as this is an advisory vote, it is not binding on the Company, the G&C Committee, or the Board. The Board will take into account the opinion of our stockholders when determining which frequency for future say-on-pay votes is best suited to the Company.

**The Board recommends a vote of ONE YEAR for the frequency with which to hold an advisory vote on NEO compensation.**

## Executive Summary

### Business and Financial Highlights

Our mission is to be the leading provider of payroll, human resource (“HR”) and employee benefit services by being an essential partner with America’s businesses. We believe success in this mission will lead to strong long-term financial performance.

Our executive compensation is tied to financial and operational performance and is intended to drive sustained, long-term increases in stockholder value. We delivered solid financial results for fiscal 2017. Reported financial results for fiscal 2017 and the respective growth percentages compared to the fiscal year ended May 31, 2016 (“fiscal 2016”) were as follows:

\$ in millions, except per share amounts	For the fiscal year ended May 31,		% Change
	2017	2016	
Payroll service revenue	\$1,779	\$1,730	3%
Human Resource Services revenue	1,322	1,176	12%
<b>Total service revenue</b>	<b>3,101</b>	<b>2,906</b>	<b>7%</b>
Interest on funds held for clients	51	46	10%
<b>Total revenue</b>	<b>\$3,152</b>	<b>\$2,952</b>	<b>7%</b>
Operating income	\$1,240	\$1,147	8%
Operating income, net of certain items <sup>(1)</sup>	\$1,189	\$1,101	8%
Net income	\$ 817	\$ 757	8%
Adjusted net income <sup>(1)</sup>	\$ 799	\$ 736	9%
Diluted earnings per share	\$ 2.25	\$ 2.09	8%
Adjusted diluted earnings per share <sup>(1)</sup>	\$ 2.20	\$ 2.03	8%
Operating cash flows	\$ 960	\$1,018	(6%)

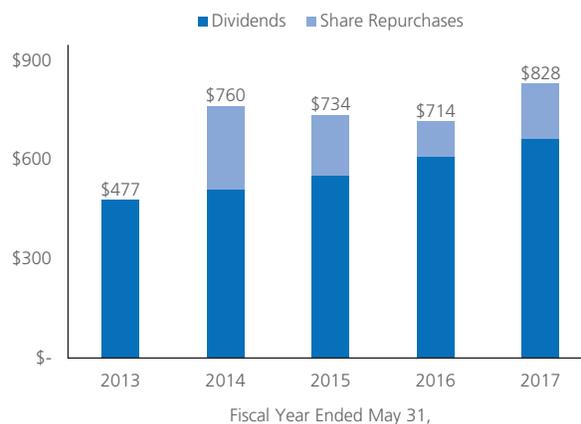

(1) Operating income, net of certain items, is a non-GAAP measure used as one of the performance metrics in the Company’s executive compensation program. Adjusted net income and adjusted diluted earnings per share are non-GAAP measures reported for fiscal 2017 and fiscal 2016 which exclude the impact of certain discrete tax items recognized in the respective periods. Refer to the discussion of non-GAAP measures and a reconciliation to the related GAAP measures in Appendix A.

**Fiscal 2017 Actions Related to Long-Term Strategy:** The table below discusses fiscal 2017 performance as it relates to the key areas of focus that comprise the Company’s long-term strategy.

Strategy Focus	Fiscal 2017 Summary of Accomplishments
<p><b>Flexible, convenient service</b></p>	<p>We have been engaged in a complete re-alignment of our service organization to allow greater flexibility and customization of the service clients receive. This effort was completed at the end of fiscal 2017. This project included the creation of multi-product service centers and 24/7 dedicated service centers. As part of this initiative, there has been a reallocation of client service specialists and clients among different service organizations. This movement contributed to a slight decrease in client retention, which was approximately 81% for fiscal 2017. This was only slightly down from the near-record-high level in fiscal 2016.</p>
<p><b>Solid sales execution</b></p>	<p>In fiscal 2017, new sales were challenged by tough comparisons to a strong fiscal 2016. In fiscal 2016, we had a particularly strong sales year across many products, driven by an increased demand for outsourcing of HR and payroll solutions including our own Affordable Care Act product in the mid-market. Our fiscal 2017 mid-market payroll sales declined from the high level of activity experienced in fiscal 2016, impacting the number and size of clients sold.</p>
<p><b>Industry-leading, integrated technology</b></p>	<p>We continue to focus on our Paychex Flex® platform, our cloud-based human capital management (“HCM”) suite of services and mobility offerings. In fiscal 2017, we announced a shift to mobile-first design of our HCM suite. Mobile-first technology is based on a simplified approach that adapts to any device. We now have mobile-first technology throughout our HCM suite, which we believe differentiates us in the market. We believe this leading-edge technology, along with our personalized, flexible service, help our clients stay more connected to their employees and their businesses.</p> <p>We completed enhancements to our time and attendance service portfolio, with the addition of Paychex Flex™ Time Essentials, the TrueShift™ time clock, and a new advanced scheduling feature within our Paychex Flex™ Time module. In the area of HR analytics, Paychex Flex now presents function-focused analytics in context throughout the platform. The enhanced data analytics and reports assist HR leaders with making more informed business decisions. Paychex Flex continues to receive positive recognition in the marketplace.</p>
<p><b>Comprehensive suite of value-added HCM services</b></p>	<p>We offer a complete suite of HCM services, which help manage the employer/employee relationship through all phases of the employee life cycle. One recent enhancement to our full-service Paychex Employer Shared Responsibility offering is an all-new online dashboard for ease of predictive employer workforce analysis and risk monitoring, as well as year-end reporting.</p>
<p><b>Continued service penetration</b></p>	<p>We continue to see client growth in our HR Services portfolio including retirement services, insurance services, time and attendance, and our comprehensive HR outsourcing services. The number of client worksite employees served within our comprehensive HR outsourcing solutions achieved a milestone of over one million worksite employees during fiscal 2017. We are constantly evolving to enhance our competitive position and focus on showcasing the value proposition of our full-suite of HCM solutions.</p>
<p><b>Strategic acquisitions</b></p>	<p>We continuously evaluate opportunities for acquisitions where there is a strategic fit. In fiscal 2016, we acquired Advance Partners, a leading provider of payroll funding and outsourcing services for the temporary staffing industry. This acquisition has exceeded expectations in its contribution to our results of operations since acquisition.</p>

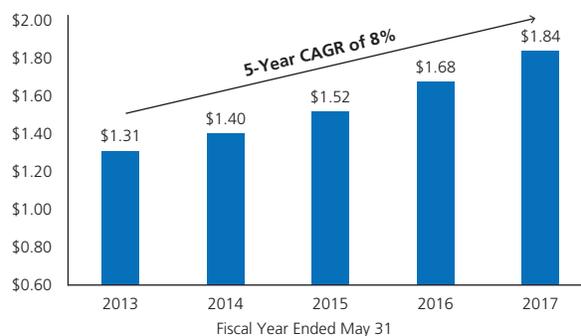

**Return to Stockholders:** The value we return to our stockholders is very important to us. During fiscal 2017, we returned over \$800 million to our stockholders through dividends and repurchases of outstanding shares of our common stock.

### Annual Distributions to Stockholders (\$millions)

Since 2013, Paychex has returned **over \$3.5 billion** to its stockholders.

### Annual Dividends Per Common Share

**Dividend Payments:** Paychex continues to pay substantial dividends to our stockholders, in excess of 80% of our net income. The increase in the quarterly dividend to shareholders in the last three fiscal years was as follows:

	Increase in Quarterly Dividend	Quarterly Dividend Amount	% Change
July 2016	\$0.04	\$0.46	10%
July 2015	\$0.04	\$0.42	11%
July 2014	\$0.03	\$0.38	9%

**Share Repurchases:** In May 2014, the Board authorized the repurchase of up to \$350 million of our common stock, with authorization that expired on May 31, 2017. In July 2016, the Board authorized the repurchase of an additional \$350 million under a program that will expire May 31, 2019. Shares repurchased under these two plans over the past three fiscal years were as follows:

(In millions)	Shares Repurchased	Amount
Fiscal 2017	2.9	\$166.2
Fiscal 2016	2.2	\$107.9
Fiscal 2015	3.9	\$182.4

The following chart shows how a \$100 investment in the Company's common stock on May 31, 2012 would have grown to \$235 as of May 31, 2017, with dividends reinvested quarterly. The chart also compares the total stockholder return on the Company's common stock to the same investment in the S&P 500 Index over the same period, with dividends reinvested quarterly. For Paychex, this represents a cumulative return of 135%, or 19% on an annualized basis.

### Total Return Performance

For more information about our fiscal 2017 business results, see the section of our Fiscal 2017 Annual Report on Form 10-K ("Form 10-K") titled "Management's Discussion and Analysis of Financial Condition and Results of Operations."

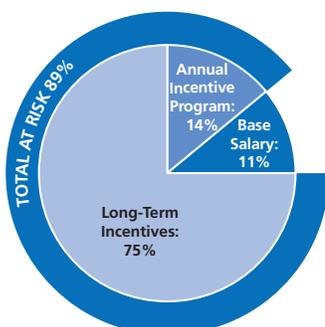

### How Pay is Tied to Company Performance

Our executive compensation programs are designed to ensure that the interests of the Company's senior leaders are appropriately aligned with those of its stockholders by rewarding performance that meets established business and individual goals. Key features of the program that tie to Company performance are:

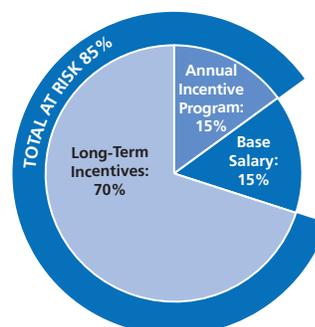

- A significant portion of our NEO annual compensation is "at risk" based on performance. For fiscal 2017, variable pay represented 89% of total target compensation for our CEO, and 85% of total target compensation on average for our other NEOs.
- Variable compensation is comprised of an annual cash incentive program and longer-term equity-based incentives. Annual grants of performance shares provide the opportunity for restricted stock to be awarded if pre-established financial goals are met for a two-year performance period. Time-vested stock options and restricted stock awards provide value based on our stock price performance.
- Target compensation for the annual incentive program and annual grants of performance shares is established at the beginning of the performance period by the G&C Committee. NEOs have an opportunity to earn actual compensation that varies from target based on achievement against pre-established performance metrics.
- Performance targets incorporated into our executive compensation programs include the metrics of service revenue (a measure of business growth) and operating income, net of certain items (our measure of profitability) for our annual performance-based compensation. Operating income, net of certain items is a non-GAAP measure. Refer to Appendix A for a discussion of this measure and a reconciliation to the related GAAP measure of operating income.
- The financial measures used as performance targets are linked directly to our annual and longer-term strategic business plans that are reviewed and approved by the Board.
- In July 2016, the committee implemented special Long-Term Incentive Plan ("LTIP") awards in the form of non-qualified performance-based stock options and performance-based restricted stock. These awards were made to reward the executives for achieving long-term financial goals. The stock options and restricted stock vest after four years based on achievement against goals established for the fiscal year ending May 31, 2020 ("fiscal 2020"). These are special awards geared toward this long-term achievement and are not part of the annually recurring awards of long-term, equity-based compensation. The performance metrics for these LTIP awards are service revenue, operating income, net of certain items, and diluted earnings per share.

The pay mix at target for our CEO and the average for other NEOs for fiscal 2017 is displayed below.

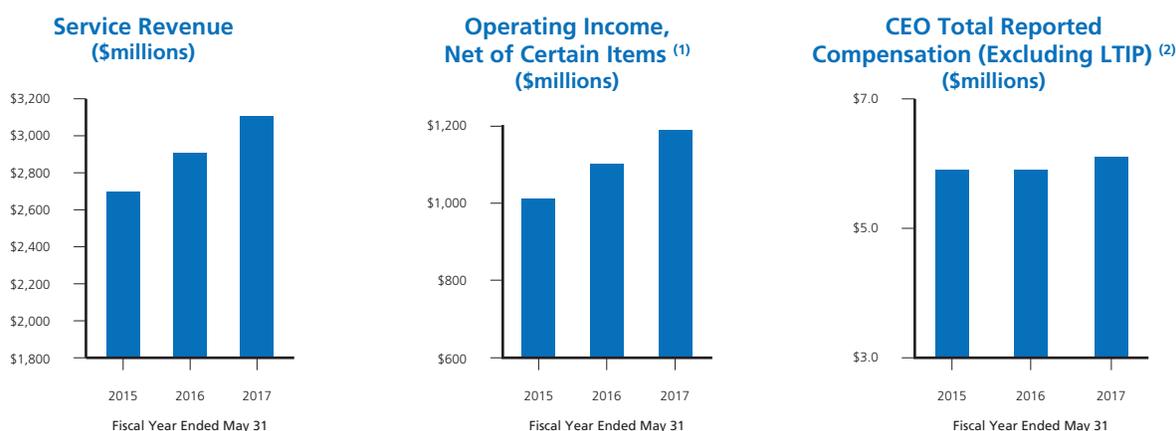

### CEO Pay Mix at Target

### Other NEOs' Pay Mix at Target

The following illustrates the trend in Company performance, based on two of our key financial metrics, and the total reported compensation of our CEO (excluding the LTIP awards) over the last three years.

(1) Operating income, net of certain items, is a non-GAAP measure. Refer to the discussion regarding this non-GAAP measure and a reconciliation to the related GAAP measure of operating income in Appendix A.

(2) CEO total compensation as reflected in this chart is equal to the amounts reported in the Summary Compensation Table included in the Named Executive Officer section of this and prior years' proxy statements, with the exception of the amount for fiscal 2017. For fiscal 2017, this chart excludes the impact of the special LTIP awards in the form of non-qualified performance stock options and performance-based restricted stock granted during that year.

Amounts realized in fiscal 2017 related to performance-based compensation programs for fiscal 2017 and prior years included the following:

- Payouts under the annual incentive program for fiscal 2017 were earned at 73% of target for the CEO and an average of 70% of target for the SVPs. Achievement was measured against financial targets established at the beginning of fiscal 2017.
- The two-year performance period for the annual grants of performance shares in July 2015 ended on May 31, 2017. The financial targets were set at the beginning of this two-year period. Achievement against these targets resulted in restricted shares earned at 96% of target.

Refer to the section entitled "Elements of Compensation" and the subsections of "Annual Officer Performance Incentive Program" and "Equity-Based Compensation" within this CD&A for a more detailed discussion of variable compensation, performance targets established, and actual results against those targets.

A significant portion of reported compensation is an incentive for future performance and realizable only if the Company meets or exceeds the applicable performance measures, or is based on the Company's stock price performance. Long-term equity-based incentives make up the largest component of pay for the NEOs. For the CEO, Mr. Mucci, this accounts for 75% of his target compensation for fiscal 2017. The main difference between reported compensation in the Summary

Compensation Table and compensation realized is in the value of equity awards. In reported compensation, equity-based awards are included in the year granted at grant-date fair value. The amount that can be realized upon exercise of stock options or vesting of restricted stock awards can differ significantly from the amounts initially reported in the year of grant.

The following table illustrates how the equity-based awards granted to Mr. Mucci in the last three fiscal years were tracking as of May 31, 2017.

Fiscal Year	Awards	Value Reported at Grant Date <sup>(1)</sup>	Value Realized Through May 31, 2017 <sup>(2)</sup>	Intrinsic Value as of May 31, 2017 <sup>(3)</sup>			Increase/ (Decrease) in Realized and Unrealized Value Since Grant Date
				Vested Shares	Unvested Shares <sup>(4)</sup>	Total Intrinsic Value Not Yet Realized	
<b>2015</b>

	Restricted Stock	\$ 742,640	\$320,879	\$ —	\$ 619,664	\$ 619,664	27%
	Performance Shares	\$1,855,384	\$ —	\$ —	\$2,398,815	\$2,398,815	29%
<b>2017</b>							
	Stock Options	\$1,191,049	\$ —	\$ —	\$ —	\$ —	(100%)
	Restricted Stock	\$ 874,697	\$ —	\$ —	\$ 851,550	\$ 851,550	(3%)
	Performance Shares	\$2,209,835	\$ —	\$ —	\$2,289,062	\$2,289,062	4%
	LTIP Performance Stock Options	\$1,151,732	\$ —	\$ —	\$ —	\$ —	(100%)
	LTIP Performance Restricted Stock	\$1,290,661	\$ —	\$ —	\$1,425,962	\$1,425,962	10%

(1) The value reported at grant date represents the amounts reported in the Summary Compensation Table for the respective fiscal year. These values were reported at grant-date fair value of the award.

(2) The value realized through May 31, 2017 represents the value realized on stock option exercises or vesting of restricted stock and performance shares. Mr. Mucci has not exercised any stock options granted in the fiscal year ended May 31, 2015 ("fiscal 2015"), fiscal 2016, and fiscal 2017. The value reflected for restricted stock is the stock price on the date shares vested multiplied by the number of shares that vested during the period between date of grant and May 31, 2017.

(3) Intrinsic value not yet realized for stock options is based on the closing stock price of \$59.23 per share as of May 31, 2017 less the exercise price for the respective grants. In those instances when the outstanding options are out of the money (the option exercise price is greater than the closing price), no value is provided. Intrinsic value for restricted stock and performance shares is based on the closing stock price of \$59.23 per share as of May 31, 2017 multiplied by the number of shares not yet vested.

(4) The intrinsic value of unvested shares remains at risk as these awards are currently not exercisable.

## Highlights of Executive Compensation Practices

The Board maintains governance standards and oversight of our executive compensation policies and practices. The following governance practices were in place during fiscal 2017, and these practices, among other elements of our compensation programs, aid in mitigating risk associated with our compensation programs.

### WHAT WE DO

- ✓ **Pay for performance.** As previously discussed, a significant portion of executive pay is not guaranteed, but rather tied to key financial metrics that are disclosed to our stockholders.
- ✓ **Mitigate undue risk in compensation programs.** The executive compensation program includes features that reduce the possibility of the NEOs, either individually or as a group, making excessively risky business decisions that could maximize short-term results at the expense of longer-term value.
- ✓ **Balance of short-term and long-term incentives.** Our incentive programs provide an appropriate balance of annual and longer-term incentives.
- ✓ **Capped award payouts.** Amounts or shares that can be earned under the annual incentive program, as well as under the longer-term performance share and LTIP performance-based stock option and restricted stock awards, are capped.
- ✓ **Share ownership guidelines.** There are restrictions on sales of vested awards until a NEO has attained ownership of the Company's stock as follows: CEO — five times base salary; SVPs — three times base salary; and Vice Presidents ("VPs") — two times base salary.
- ✓ **Include double-trigger change in control provisions.** Our Change in Control Plan for officers is a "double-trigger" arrangement, requiring change in control and a subsequent termination of employment.
- ✓ **Include recoupment, non-compete, and other forfeiture provisions in our equity-award provisions and annual incentive program.** Our annual incentive program and equity-based compensation agreements contain certain recoupment, non-compete, and other forfeiture provisions that will allow the Company to cancel all or any outstanding portion of equity awards and recover the payouts under the annual incentive program, gross value of any vested restricted shares, or profits from exercises of options.
- ✓ **Utilize an independent compensation consulting firm.** The G&C Committee benefits from its utilization of an independent compensation consulting firm, which provides no other services to the Company.

### WHAT WE DON'T DO

- ✗ **No employment agreements.** We do not have employment contracts for our NEOs. Employment of all of our executive officers is "at will."
- ✗ **No significant perquisites.** The benefits our NEOs receive in the form of health insurance, life insurance, and Company matching contributions to the 401(k) Plan are the same benefits generally available to all of our employees.
- ✗ **No hedging, pledging, or short sales transactions permitted.** Our executive officers, including NEOs, and directors are prohibited from engaging in any hedging or other similar types of transactions with respect to the Company's common stock. Pledging is prohibited without prior Company approval and not for more than 25% of the pledgor's total beneficial ownership.
- ✗ **No dividends or dividend equivalents on unearned performance-based awards.** Performance share awards and LTIP performance-based restricted stock awards do not earn or pay dividends until the shares are earned.

Refer to the remainder of this CD&A for a detailed discussion of the overall compensation philosophy, practice, and analysis of elements of the compensation awarded to our NEOs as provided in the Fiscal 2017 Summary Compensation Table, included in the Named Executive Officer Compensation section of this proxy statement.

## Elements of Compensation

We use a combination of compensation elements, including base salary, annual incentive program, and equity-based awards delivered under our 2002 Plan. Each element and the related compensation decisions and results for fiscal 2017 are discussed below.

### Fiscal 2017 Compensation Results

#### Base Salary

We pay base salary to attract talented executives and to provide a fixed base of cash compensation. Base salaries are reviewed annually. Our practice is to make targeted base salary increases as determined necessary based on performance, market information, and scope of responsibilities.

In fiscal 2017, Mr. Mucci received a \$50,000 increase in base salary to \$950,000 based on his tenure as CEO and to bring him more in line with the median of our Peer Group. In addition, Mr. Rivera and Mr. Gioja were given targeted increases in base salary to bring them more in line with the median of our Peer Group.

## Annual Officer Performance Incentive Program

The annual incentive program was established to motivate NEOs to meet the financial goals set by the Company as presented to its stockholders, while maintaining alignment with stockholders' interests. The G&C Committee set a goal for net income of \$500 million for fiscal 2017 as the minimum performance hurdle for the NEOs to be eligible for payout under the program. The Company achieved this net income goal for fiscal 2017. The annual incentive program is intended to comply with section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") for NEOs affected by the \$1 million limitation on deductible compensation. Upon achievement of the minimum eligible performance, payouts under our annual incentive program are determined based upon the satisfaction of certain quantitative and qualitative components.

The quantitative component consists of certain predetermined performance targets, which are established at the beginning of each fiscal year, and are typically based on the Board-approved fiscal year financial plan. The targets for payout are established by the G&C Committee with consultation of management. The performance targets established are intended to provide a balance between growing revenue and managing expenses. Once a target is determined, it is set for the year and is normally not changed. For extraordinary circumstances, the G&C Committee reserves the right to apply discretion and make changes.

The qualitative component of the annual incentive program consists of individual-specific qualitative goals established at the beginning of the fiscal year based on functions and responsibilities unique to the individual. The CEO can potentially receive up to 20% of base salary and all other NEOs can potentially receive up to 10% of base salary. The assessment of these goals is subjective and is not always based on quantifiable financial measurements. The G&C Committee may determine, at its sole discretion, whether satisfactory achievement has occurred, regardless of achievement against the pre-established individual goals. At its discretion for fiscal 2017, the G&C Committee individually evaluated each NEO and determined the specific percentage of the qualitative portion to award each NEO as presented on the following page. The qualitative component of the annual incentive program is not considered material to the overall compensation for each NEO.

The weight given each quantitative performance target is determined by the G&C Committee when the targets are established, and this weight varies for each NEO based on the individual's position. Each of the performance targets applicable to a NEO's annual incentive program provide the NEO an opportunity to earn a percentage of their annualized base salary based on achievement at threshold, target, and maximum. The total percentage of base salary for all performance measures that the NEOs have the opportunity to earn are as follows:

Position	Quantitative Component			Qualitative Component
	Threshold	Target	Maximum	
CEO	45.0%	110.0%	175.0%	20.0%
SVP-Sales	45.0%	100.0%	155.0%	10.0%
SVP-Other	37.5%	85.0%	132.5%	10.0%

Thresholds are set as the floor with any achievement below threshold resulting in no payout for the respective performance metric. Maximums are set as a ceiling on the amount of payout a NEO can receive for each performance metric. For fiscal 2017, some of the quantitative component percentages of base pay for the CEO and the SVPs were changed to better align with the Company's strategic goals.

The performance metrics for the fiscal 2017 annual incentive program for the NEOs were established as follows:

Bonus Objectives <sup>(1)</sup>	Fiscal 2017 Year-over-Year Growth Rates			% of Plan Dollars			Achievement as a % of Target
	Threshold	Target	Maximum	Threshold	Target	Maximum	
Service revenue	3%	8%	10%	96.0%	100.0%	102.0%	99.1%
Operating income, net of certain items <sup>(2)</sup>	3%	8%	10%	96.0%	100.0%	102.0%	100.3%
Annualized new business revenue <sup>(3)</sup>	3%	10%	13%	94.0%	100.0%	103.0%	See <sup>(4)</sup>

(1) The annual incentive program allows for certain adjustments to metrics as reported in our consolidated financial statements.

(2) Operating income, net of certain items, is a non-GAAP measure. Refer to Appendix A for a discussion of this measure and a reconciliation to the related GAAP measure of operating income.

(3) Annualized new business revenue is the approximate amount of revenue to be earned over the first twelve-month period, from the sale in the current fiscal year, of certain payroll, HR, and insurance services to new clients and new product sales to existing clients. This measure is not directly calculated from our audited financial statements, as reported service revenue also includes recurring revenue from pre-existing clients. This metric is set to provide incentive for executives to strive to exceed the target, given the relationship to recurring revenue.

(4) Achievement for annualized new business revenue was below threshold attainment for fiscal 2017. Therefore, there was no payout related to this performance metric under the annual incentive program.

Each performance objective, along with the target percentage of base salary that can be earned for that metric, and the actual payout percentage is set forth below, in accordance with calculations per the program.

Bonus Objectives	Mr. Mucci		Mr. Rivera		Mr. Bottini		Mr. Gibson and Mr. Gioja	
	% of Base Salary at Target	% of Base Salary Achieved <sup>(1)</sup>	% of Base Salary at Target	% of Base Salary Achieved <sup>(1)</sup>	% of Base Salary at Target	% of Base Salary Achieved <sup>(1)</sup>	% of Base Salary at Target	% of Base Salary Achieved <sup>(1)</sup>
Service revenue	35.0%	31.0%	27.5%	24.4%	30.0%	26.6%	27.5%	24.4%
Operating income, net of certain items <sup>(2)</sup>	45.0%	48.4%	32.5%	35.1%	35.0%	37.7%	32.5%	35.1%
Annualized new business revenue	30.0%	—%	25.0%	—%	35.0%	—%	25.0%	—%
Total quantitative annual incentive	110.0%	79.4%	85.0%	59.5%	100.0%	64.3%	85.0%	59.5%
Qualitative <sup>(3)</sup>	20.0%	16.0%	10.0%	10.0%	10.0%	7.0%	10.0%	8.0%
Total	130.0%	95.4%	95.0%	69.5%	110.0%	71.3%	95.0%	67.5%

(1) If the actual achievement under a given performance metric is between two thresholds (e.g. between threshold and target or between target and maximum), then the percentage of base salary achieved would be calculated based on a straight-line interpolation of the achievement level above threshold or target, as appropriate, for such performance metric.

(2) Operating income, net of certain items, is a non-GAAP measure. Refer to Appendix A for a discussion of this measure and a reconciliation to the related GAAP measure of operating income.

(3) The NEOs have an opportunity to earn a percentage of base salary based on individual-specific qualitative goals related to the functions and responsibilities unique to the individual. The G&C Committee may determine, at its sole discretion, whether satisfactory achievement has occurred, regardless of achievement against the pre-established individual goals.

The actual achievement translated to incentive payments for our NEOs is as follows:

	Annualized Base Salary <sup>(1)</sup>	Minimum Potential Payout <sup>(2)</sup>	Maximum Potential Payout <sup>(2)</sup>	% of Base Salary Achieved	Actual Incentive Compensation Earned <sup>(3)</sup>
Martin Mucci	\$950,000	\$—	\$1,852,500	95.4%	\$906,680
Efrain Rivera	\$500,000	\$—	\$ 712,500	69.5%	\$347,650
Mark A. Bottini	\$450,000	\$—	\$ 742,500	71.3%	\$320,625
John B. Gibson	\$425,000	\$—	\$ 605,625	67.5%	\$287,003
Michael E. Gioja	\$450,000	\$—	\$ 641,250	67.5%	\$303,885

(1) This represents the NEO's annualized base salary as of May 31, 2017. It may differ from base salary paid for fiscal 2017 reflected in the Summary Compensation Table, contained in the Named Executive Officer Compensation section of this proxy statement, due to timing of salary increases, start dates, etc.

(2) These columns represent the range of payout that each NEO has the opportunity to earn. The minimum potential payout indicates that no payout is earned if achievement is below threshold. The maximum potential payout is based on the percentage of base salary that each NEO can earn for maximum achievement.

(3) Actual incentive compensation earned is calculated as annualized base salary multiplied by the percentage of base salary achieved, and is provided in the 2017 Summary Compensation Table, contained in the Named Executive Officer Compensation section of this proxy statement.

### Equity-Based Compensation

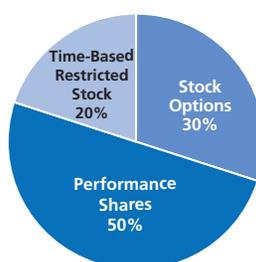

To align our NEOs' interests with the long-term interests of our stockholders, the Company grants equity awards under the 2002 Plan. Annual grants of equity awards to the NEOs are approved during the regularly scheduled meeting of the G&C Committee in July. Historically, the July meeting has been scheduled to occur approximately two weeks after the release of our fiscal year-end earnings and upcoming fiscal year financial guidance. Our trading black-out period normally lifts on the third business day following such release of information. The G&C Committee anticipates continuing its granting practice. The G&C Committee may also grant equity awards to individuals upon hire or promotion to executive officer positions. These equity awards are not granted during any trading black-out periods. Recipients are notified shortly after G&C Committee

approval of their grant, noting the number of stock options, shares of restricted stock, target performance shares and goals, the vesting schedule, and exercise price. Any sales restrictions or other terms of the award are also communicated at that time.

Annually, the G&C Committee reviews the NEO compensation of our Peer Group to determine the desired pay range for our officers. See the Compensation Decision Process section later in this CD&A for further information on the Committee's process for determining total compensation, including equity awards. This review, along with each officer's individual performance and potential, determine the total compensation. The quantity of equity awards is based on an estimated total value as determined by the G&C Committee in conjunction with their total compensation review and evaluation.

In July 2016, the G&C Committee made an annual equity grant that was a blend of stock options, time-vested restricted stock, and performance shares. The award value was split as follows:

### Annual Equity Award Value Allocation

This annual distribution provides for 80% of the total equity compensation value to be performance-based, consistent with the G&C Committee's total compensation determination. The value delivered may be adjusted by the G&C Committee at its discretion for individual performance and future potential considerations. For our July 2016 annual grants, the G&C Committee determined the estimated total value to be approximately: \$4,300,000 for the CEO; \$1,000,000 for the CFO; \$900,000 for the Sales SVP; and \$850,000 for the other SVPs. These changes were made to better align internal pay equity and adjust them to market.

In July 2016, the G&C Committee approved special LTIP awards (not part of the annual equity grants) to focus the senior leadership team on the strategic plan related to the long-term growth of the Company. These awards are comprised of non-qualified performance stock options and performance-based restricted stock. The number of stock options and restricted shares to be earned will be based on achievement compared to pre-established targets for fiscal 2020. Targets are established for financial reporting measures of service revenue, operating income, net of certain items, and diluted earnings per share. The performance-based restricted stock does not earn dividends or have voting rights during the performance period.

The following equity-based compensation was granted in July 2016 for all NEOs:

NEO	Performance Shares (at Target)	Stock Option Awards <sup>(1)</sup>	Time-Based Restricted Stock Awards <sup>(2)</sup>	LTIP Performance Stock Option Awards <sup>(3)</sup> (at Target)	LTIP Performance Restricted Stock Awards <sup>(4)</sup> (at Target)
Martin Mucci	38,647	208,590	14,377	196,541	24,075
Efrain Rivera	9,009	48,622	3,351	98,270	12,037
Mark A. Bottini	8,108	43,760	3,016	98,270	12,037
John B. Gibson	7,657	41,329	2,849	98,270	12,037
Michael E. Gioja	7,657	41,329	2,849	98,270	12,037

(1) Stock option awards vest 25% per year over 4 years and have a term of 10 years.

(2) Time-based restricted stock awards vest 1/3 per year over 3 years.

(3) LTIP performance stock options vest based on achievement against targets for fiscal 2020 and have a term of 10 years.

(4) LTIP performance-based restricted stock awards vest based on achievement against targets for fiscal 2020.

## Performance Shares

Performance shares are designed to provide variable compensation that is focused on longer-term results. Performance shares have a two-year performance period to determine the number of restricted shares to be issued. The NEO must serve for one additional year for the restrictions to lapse. The performance targets as approved by the Board are based on service revenue and operating income, net of certain items, as projected in the strategic planning process. The G&C Committee established performance targets intended to be appropriately challenging at all levels, including the threshold level, but attainable with increasing difficulty for each level beyond threshold. The threshold level was expected to be appropriately challenging but achievable under normal circumstances. The target level would be achieved if the Company performed as expected under our strategic plan for the two-year period. The maximum level would be achievable only with exceptional performance.

The two-year performance period for performance shares granted in July 2015 was completed at the end of fiscal 2017. The shares earned were based on achievement against pre-established targets for the performance period as follows:

Performance Goal (\$ In Millions)	Two-Year Performance Targets Established			Actual Achievement	
	Threshold	Target	Maximum	(\$)	% of Target
Service revenue <sup>(1)</sup>	\$5,694	\$5,993	\$6,173	\$5,943	99%
Operating income, net of certain items <sup>(2)</sup>	\$2,158	\$2,272	\$2,340	\$2,268	100%
Percent of plan	95%	100%	103%		
Payout as a percent of target	60%	100%	150%		96%

(1) Service revenue as calculated under the performance award agreement excludes the impact of acquisitions occurring after the grant date. Refer to Appendix B for a reconciliation of service revenue as calculated for the performance period to service revenue reported in our consolidated financial statements.

(2) Operating income, net of certain items, is a non-GAAP measure. In addition, this measure as calculated under the performance award agreement excludes the impact of business acquisitions during the performance period. Refer to Appendix B for a description of this non-GAAP measure and a reconciliation of the amount for the performance period to the related GAAP measure of operating income.

Achievement for service revenue was slightly below target and operating income, net of certain items, was on target. As a result of their performance against these pre-established goals, in July 2017 our NEOs received restricted shares at a quantity of 96% of the target level. The restrictions on these shares will lapse after an additional one-year service period. These performance shares, granted in July 2015, were reflected at grant-date fair value in the NEO compensation for fiscal 2016 in the Summary Compensation Table, contained in the Named Executive Officer Compensation section of this proxy statement.

## LTIP Non-Qualified Performance Stock Options and Performance-Based Restricted Stock

In July 2016, the NEOs received LTIP awards in the form of non-qualified performance stock options and performance-based restricted stock. These stock options and restricted stock will vest dependent on achievement against pre-established targets for fiscal 2020. The LTIP was granted to incent the executives to work toward achievement of longer-term strategic goals. The performance metrics are service revenue, operating income, net of certain items, and diluted earnings per share and were established based on the Company's long-term strategic plan.

## Stock Ownership Guidelines

The G&C Committee has established stock ownership guidelines, as follows:

Position	Requirement
CEO	5X base salary
SVPs	3X base salary
VPs	2X base salary

For any awards granted after July 2011, there are restrictions on sales of such vested awards until the officer has attained the applicable stock ownership level. The ownership guidelines were established to provide long-term alignment with stockholders' interests. For the purposes of achieving the ownership guideline, unvested restricted stock awarded to the executive officers is included. All officers are currently compliant with the guidelines.

### Prohibition on Hedging or Speculating In Company Stock

NEOs, along with all employees of the Company, must adhere to strict standards with regards to trading in Paychex stock. Also, the Company prohibits executive officers from hedging Paychex stock. They may not, among other things:

- speculatively trade in the Company's stock;
- short sell any securities of the Company; or
- buy or sell puts or calls on the Company's securities.

### Pledging of Company Stock

The Company maintains a pledging policy for all Paychex directors, officers, and employees. This policy prohibits pledging Company securities as collateral for a loan or a line of credit without obtaining prior Company approval. Approval may be granted when the individual clearly demonstrates the intent and financial capacity to satisfy the obligations without resort to the pledged securities and where the pledge represents no more than 25% of the pledgor's beneficial ownership of the Company securities. The Company's pledging policy is posted on its website at <http://investor.paychex.com/governance>.

### Recoupment, Non-Compete, and Other Forfeiture Provisions

The Company retains the right to clawback on any incentive payment or award under any policy adopted by the Company implementing Section 10D of the Exchange Act and any regulations promulgated or national securities exchange listing conditions adopted with respect thereto. In the annual incentive program, the Company retains the right to recoup all or a portion of the payouts made under the annual incentive program if those payouts were based on financial statements that are subsequently subject to restatement and where fraud or misconduct was involved. The Company will, to the extent permitted by governing law, require reimbursement of a portion of any compensation received where:

- the payment was predicated upon the achievement of certain financial results that were subsequently the subject of a substantial restatement;
- the participant engaged in fraud or misconduct that caused or partially caused the need for the substantial restatement; and
- a lower payment would have been made based upon the restated financial results.

In each such instance, the Company will, to the extent practicable, seek to recover the amount by which the individual participant's compensation for the relevant period exceeded the lower payment that would have been made based on the restated financial results, plus a reasonable rate of interest.

Our equity-based compensation agreements state that following termination of employment, certain benefits (including equity-based compensation) will be forfeited if the NEO engages in activities adverse to the Company. These activities include:

- competition with the Company during a specified period after termination of employment;
- solicitation of the Company's clients or employees during a specified period after termination of employment;
- breach of confidentiality either during or after employment; or
- engaging in conduct which is detrimental to the Company during the NEO's employment with the Company.

Should any of these activities occur, the Company may cancel all or any outstanding portion of the equity awards subject to this provision, and recover the gross value of any vested restricted shares, including all dividends. In the case of non-qualified stock options, the Company may suspend the NEO's right to exercise the option and/or may declare the option forfeited. In addition, the Company may seek to recover all profits from certain prior exercises as liquidated damages and pursue other available legal remedies.

### Perquisites

Our NEOs receive benefits in the form of vacation, health insurance, life insurance, Company matching contributions to the 401(k) Plan when such contributions are in effect, and other benefits, which are generally available to all our employees. We do not provide our NEOs with pension arrangements, post-retirement health coverage, or other similar benefits, with the exception of access to a non-qualified and unfunded deferred compensation plan.

## Deferred Compensation

We offer a non-qualified and unfunded deferred compensation plan to our NEOs. The deferred compensation plan is intended to supplement the NEO's 401(k) Plan account. Due to limitations on the 401(k) Plan accounts placed by the Internal Revenue Service, this plan allows for further savings toward retirement for the NEOs and functions similarly to the 401(k) Plan account. Refer to the Non-Qualified Deferred Compensation discussion included in the Named Executive Officer Compensation section of this proxy statement for more information on how our deferred compensation plan functions.

## Change In Control Plan

Executives of the Company are covered by a Change in Control Plan. Upon involuntary termination by the Company without cause or a voluntary termination by the participant for good reason, within 12 months following a Change in Control, the executive becomes entitled to certain severance benefits. Such severance benefits are conditioned upon the execution of a general release in favor of the Company.

Cause means the participant's dereliction of duty to the Company, conviction for a felony, or willful misconduct that has a substantial adverse effect on the Company. Good reason means a significant change to the duties, authority, or position that were assigned immediately before the change in control including: the reduction in or removal of any material duties, authority, or position within the Company; assignment of duties inconsistent with the participant's position, authorities, or responsibilities; material reduction to base salary, annual incentive, or other elements of total compensation; relocation of the participant's principal workplace to an area outside of a 50-mile-radius, or the failure of a successor company to assume or adopt the Change in Control Plan. Refer to the Potential Payments upon Termination or Change In Control discussion within the Named Executive Office Compensation section of this proxy statement for further information.

## Compensation Decision Process

---

### Role of the Compensation Consultant

As outlined in its charter, the G&C Committee has the authority to retain consultants and advisers, at the Company's expense, to assist in the discharge of the committee's duties. The G&C Committee can retain and dismiss such consultants and advisers at any time. The G&C Committee's consultants report directly to the committee and have direct access to the committee through the G&C Committee's Chair. The G&C Committee requires that any consultant it retains cannot be utilized by management for other purposes. Although management, particularly the VP of Human Resources and Organizational Development, may work closely with the consultant, the consultant is ultimately accountable to the G&C Committee on matters related to executive compensation.

The G&C Committee retains the services of Steven Hall & Partners ("Steven Hall") as its independent compensation consultant. Steven Hall has not provided any other services to the Company prior to or subsequent to being retained as the compensation consultant to the G&C Committee. The G&C Committee was solely responsible for the decision to retain Steven Hall as its consultant. Steven Hall advises the G&C Committee on matters of NEO compensation, assists with analysis and research, and provides updates on evolving best practices in compensation. While Steven Hall may express an opinion on compensation matters, the G&C Committee is solely responsible for setting the type and amount of compensation for NEOs.

The G&C Committee recognizes that it is essential to receive objective advice from its compensation consultant. The G&C Committee closely examines the procedures and safeguards that Steven Hall takes to ensure that the compensation consulting services are objective. The G&C Committee has assessed the independence of Steven Hall pursuant to SEC rules and concluded that Steven Hall's work for the G&C Committee does not raise any conflict of interest. In making this assessment, the following factors were taken into consideration:

- that the compensation consultant reports directly to the G&C Committee, and the G&C Committee has the sole power to terminate or replace its compensation consultant at any time;
- the compensation consultant does not provide any other services to the Company;
- whether aggregate fees paid by the Company to the compensation consultant, as a percentage of the total revenue of the compensation consultant, are material to the compensation consultant;
- the compensation consultant's policies and procedures designed to prevent conflicts of interest;
- any business or personal relationships between the compensation consultant, on one hand, and any member of the G&C Committee or executive officer, on the other hand; and
- whether the compensation consultant owns any shares of the Company's stock.

## Role of Governance and Compensation Committee and Management

As part of the G&C Committee's responsibility to evaluate and determine NEO compensation, on an annual basis the G&C Committee:

- reviews the companies in our Peer Group, a group of companies with comparable financial information or who are direct competitors of Paychex, for any changes;
- reviews base salaries for adjustments, if any;
- establishes and approves the performance targets and payouts under incentive-based programs and awards;
- grants equity awards under our 2002 Plan; and
- considers the impact of section 162(m) of the Code.

The G&C Committee continues to review each of the elements of compensation annually to ensure that compensation is appropriate and competitive to attract and retain a high-performing executive team. The G&C Committee targets to maintain performance-based pay as a percentage of total target compensation of over 70% for the CEO and over 60% for the other NEOs. Additionally, the G&C Committee targets the value of long-term compensation to be approximately 60% for the CEO and 50% for the other NEOs. For fiscal 2017 the percentages of total target compensation that were performance-based were higher due to the inclusion of the special LTIP awards.

The G&C Committee, in making its decisions, targets an equitable mix of compensation. It utilizes various sources of information to evaluate our NEO compensation, including, but not limited to:

- compensation consultant reports and analysis;
- benchmarking information with NEOs at Peer Group companies for all compensation elements; and
- internal management reports, including a three-year history of total compensation for all officers and a summary for the upcoming fiscal year of total cash compensation and equity awards for all officers.

The G&C Committee strives for our NEOs' compensation to be in line with our Peer Group. The information provided by the compensation consultant indicates whether our compensation package, if target performance is achieved, is comparable to the median compensation of our Peer Group, given current competitive practices, overall best practices, and other compensation and benefit trends.

Management reports are used to evaluate compensation recommendations and the impact to total compensation for each individual. They are also used to view a complete picture of the trend of compensation to executive officers, both as a team and as individuals. This facilitates discussion that more accurately details individual officer compensation, noting differences that reflect officer tenure, performance, and position in the management structure.

The G&C Committee uses these management updates along with peer information, where available, as tools to evaluate executive compensation. This information is reviewed in a subjective manner. There is no implied direct or formulaic linkage between peer information and the G&C Committee's compensation decisions.

Our CEO and our VP of Human Resources and Organizational Development provide recommendations to the G&C Committee on design elements for compensation. These individuals, and from time to time invited guests including other officers, will be in attendance at the meetings of the G&C Committee to present and respond to questions on current or proposed plan design. Annually, our CEO reviews achievement of the recently completed fiscal year's plan and also presents recommendations regarding: salary for each of the NEOs (other than himself), the upcoming fiscal year's annual incentive program structure, and equity awards. Management is excluded from executive sessions of the G&C Committee where final decisions on compensation are made, particularly those on our CEO's performance and compensation. Executive sessions occur at each meeting of the G&C Committee.

## Peer Group

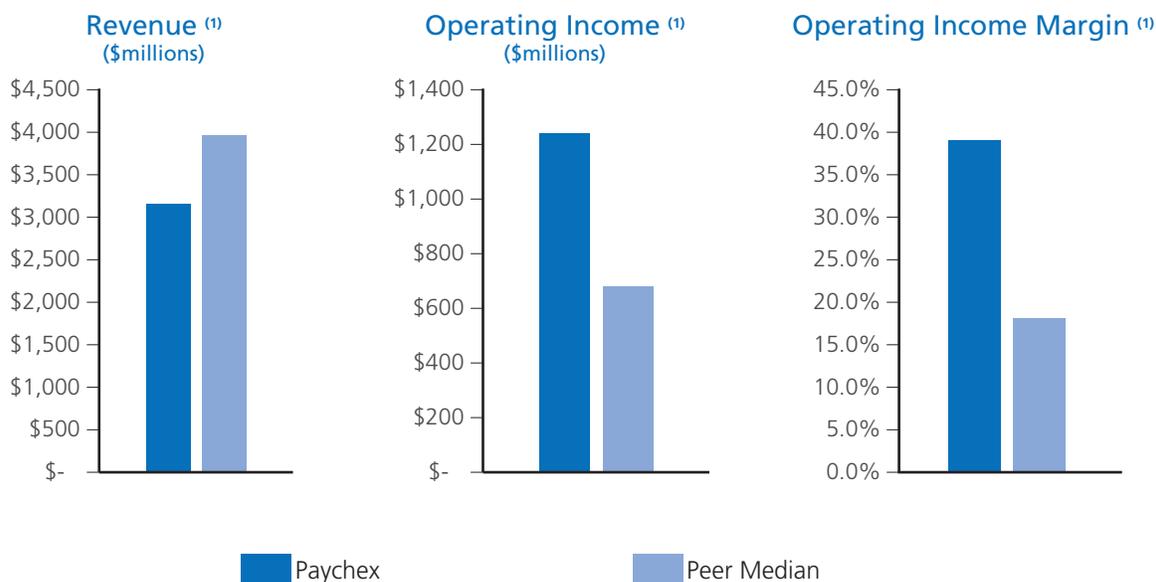

In addition to many other factors that affect compensation decisions, the G&C Committee takes into account the compensation practices of our Peer Group, where available, in formulating our compensation program. The G&C Committee assesses total compensation at the median of the Peer Group, even though Paychex performs above the median of its Peer Group in certain financial categories as shown in the charts that follow. Peer Group comparisons were available for the positions of CEO and CFO, and both Mr. Mucci and Mr. Rivera have total compensation that falls below the median total compensation of the Peer Group. For the remaining NEOs, compensation was compared to the average NEO compensation, excluding the CEO and CFO positions, for the Peer Group. These results were below the median total compensation of our

Peer Group. Peer Group benchmarking is not the sole determining factor in the G&C Committee’s decisions on compensation, and the G&C Committee reserves the discretion to adjust compensation based on other factors as previously discussed. The Peer Group companies are not necessarily limited to the markets in which Paychex does business. The Peer Group is comprised of the following industries or segments: a direct competitor in the HCM industry, financial transaction management companies, and business services and outsourcing companies.

Our current Peer Group consists of the following companies:

Peer Group	
Alliance Data Systems Corporation	Intuit Inc.
Automatic Data Processing, Inc.	Moody’s Corporation
Broadridge Financial Solutions, Inc.	Robert Half International Inc.
DST Systems, Inc.	TD AMERITRADE Holding Corporation
Equifax, Inc.	The Dun & Bradstreet Corporation
Fiserv, Inc.	The Western Union Company
Global Payments Inc.	Total System Services, Inc.
H&R Block, Inc.	

**Paychex, Inc. vs. Peer Group**

(1) Based on the most recent completed fiscal year for each company in the Peer Group.

The G&C Committee annually reviews and approves the selection of Peer Group companies, adjusting the group from year to year based upon our business and changes in the Peer Group companies’ business or the comparability of their metrics. The Peer Group may also be adjusted in the event of mergers, acquisitions, or other significant economic changes. The Peer Group was adjusted for fiscal 2017. The Brink’s Company and Iron Mountain Incorporated were removed from the Peer Group for fiscal 2017 and were replaced with Alliance Data Systems Corporation and Equifax, Inc., as they are more closely aligned with the Paychex business.

## CEO Compensation

---

It is the responsibility of the G&C Committee to evaluate Mr. Mucci's performance annually and determine his total compensation. Mr. Mucci receives compensation based on his leadership role and the overall performance of the Company. Mr. Mucci's compensation for fiscal 2017, as reflected in the Summary Compensation Table included in the Named Executive Officer Compensation section of this proxy statement, is as follows:

- Base salary of \$950,000.
- Payout under the annual incentive program at 73% of target.
- Annual equity award grants comprised of 38,647 performance shares at target, 208,590 stock options with vesting pro rata over four years, and 14,377 shares of time-based restricted stock with vesting pro rata over three years.
- Mr. Mucci was granted special LTIP awards in the form of 196,541 non-qualified performance stock options and 24,075 performance-based restricted stock, at target achievement, with achievement determined based on comparisons to pre-established targets for fiscal 2020.

Mr. Mucci's compensation for fiscal 2017 remained below median when compared to that of the CEOs within our Peer Group. The G&C Committee continually assesses his compensation and in July 2016 approved an increase in Mr. Mucci's base salary of 6% to \$950,000 and an increase in total annual equity award value of 14% to approximately \$4,300,000 to bring his compensation closer to the median of our Peer Group.

## Impact of the Internal Revenue Code

---

Section 162(m) of the Code generally limits the tax deductibility of compensation paid to certain officers to \$1 million per year, unless specified requirements are met. The G&C Committee has carefully considered the impact of this provision as one factor among others in structuring NEO compensation. At this time, it is the G&C Committee's intention to continue to compensate all NEOs based on overall performance. The G&C Committee expects that most compensation paid to NEOs will qualify as a tax-deductible expense, but makes no representation as to the deductibility of any item of NEO compensation.

## THE GOVERNANCE AND COMPENSATION COMMITTEE REPORT

The Governance and Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis included in the Proxy Statement with management. Based on such review and discussion, the G&C Committee recommends to the Board that the Compensation Discussion and Analysis be included in the Proxy Statement and the Company's Form 10-K for fiscal 2017.

## NEO Compensation

### NAMED EXECUTIVE OFFICER COMPENSATION

The following information details compensation for our NEOs for fiscal 2017. In fiscal 2017, special LTIP awards were approved in the form of non-qualified performance stock options and performance-based restricted stock and are focused on longer-term strategic goals. The grant-date fair value of these awards, assuming target achievement, is included in the option awards and stock awards columns in the Summary Compensation Table below for fiscal 2017. These awards may vest based on achievement compared to pre-established targets for fiscal 2020. The LTIP is not part of the annual compensation decisions and significantly impacted reported compensation for fiscal 2017. The following table shows the impact of the LTIP on fiscal 2017 reported compensation:

Name	Reported Compensation	Total LTIP	Reported Compensation Excluding LTIP	Year-over-Year Change %
Martin Mucci	\$8,580,500	\$2,442,393	\$6,138,107	6%

## Salary (Column (c))

The amounts reported in this column reflect the base salary paid to the NEOs during the fiscal year.

## Bonus (Column (d))

The amounts reported in this column reflect a discretionary bonus of \$75,000 to Mr. Bottini for fiscal 2016 and fiscal 2015 for strong sales performance.

## Stock Awards (Column (e))

The amounts in this column include the grant date fair value of time-based restricted stock awards, annual performance shares, and performance-based restricted stock (LTIP) granted during the respective fiscal year, and do not reflect whether the recipient has actually realized a financial gain from such awards (such as lapse in the restrictions on a restricted stock award).

### Time-Based Restricted Stock Awards

The fair value of the time-based restricted stock awards is determined based on the closing price of the underlying common stock on the date of grant. The resulting fair values were \$60.84 per share, \$47.32 per share, and \$41.70 per share for the restricted stock awards granted annually in July of fiscal years 2017, 2016, and 2015, respectively. Refer to the Grants of Plan-Based Awards For Fiscal 2017 table included in this proxy statement for further information on restricted stock awards granted in fiscal 2017.

### Performance Shares

Performance share awards are reflected in the table assuming target achievement. The grant date fair value of these awards at target achievement, as reflected in the table, and also at maximum achievement is as follows:

	Fiscal 2017		Fiscal 2016		Fiscal 2015	
	Target	Maximum	Target	Maximum	Target	Maximum
Martin Mucci	\$2,209,835	\$3,314,782	\$1,855,384	\$2,783,098	\$1,879,113	\$2,818,689
Efrain Rivera	\$ 515,135	\$ 772,731	\$ 420,537	\$ 630,849	\$ 425,944	\$ 638,916
Mark A. Bottini	\$ 463,615	\$ 695,423	\$ 420,537	\$ 630,849	\$ 425,944	\$ 638,916
John B. Gibson	\$ 437,827	\$ 656,769	\$ 420,537	\$ 630,849	\$ 425,944	\$ 638,916
Michael E. Gioja	\$ 437,827	\$ 656,769	\$ 420,537	\$ 630,849	\$ 425,944	\$ 638,916

These awards have a two-year performance period, followed by an additional year of service required. The fair value of these awards is determined based on the closing price of the underlying common stock on the date of grant, adjusted for the present value of expected dividends over the performance period, as dividends are not earned during the two-year performance period. The resulting fair value was \$57.18 per share, \$43.98 per share, and \$38.68 per share for performance shares awarded in fiscal years 2017, 2016, and 2015, respectively.

### LTIP Performance-Based Restricted Stock

LTIP performance-based restricted stock awards granted July 6, 2016 are reflected in the table assuming target achievement. The grant-date fair value of these awards at target achievement, as reflected in the table, and also at maximum achievement is as follows:

	Fiscal 2017	
	Target	Maximum
Martin Mucci	\$1,290,661	\$1,936,018
Efrain Rivera	\$ 645,304	\$ 967,982
Mark A. Bottini	\$ 645,304	\$ 967,682
John B. Gibson	\$ 645,304	\$ 967,682
Michael E. Gioja	\$ 645,304	\$ 967,682

## NEO Compensation

These awards have a four-year performance period with achievement determined based on comparisons to pre-established targets for fiscal 2020. The fair value of these awards is determined based on the closing price of the underlying common stock on the date of grant, adjusted for the present value of expected dividends over the performance period, as dividends are not earned during the performance period. The resulting fair value was \$53.61 per share for LTIP performance-based restricted stock awarded in fiscal 2017.

### Option Awards (Column (f))

---

The amounts in this column reflect the grant date fair value for stock options granted during the respective fiscal years and do not reflect whether the recipient has actually realized a financial gain from such awards (such as by exercising stock options).

#### Stock Option Awards

The fair values for the annual grants of time-vested stock options were determined using a Black-Scholes option pricing model. The assumptions and resulting per share fair value for option grants included in the amounts disclosed are as follows:

	July 2016	July 2015	July 2014
Risk-Free Interest Rate	1.2%	1.9%	2.1%
Dividend Yield	3.6%	3.6%	3.7%
Volatility Factor	0.18	0.18	0.21
Expected Option Term Life in Years	6.0	6.0	6.0
Fair Value	\$5.71	\$5.17	\$5.66

#### LTIP Performance Non-Qualified Stock Options

An LTIP grant was made in July 2016 in the form of non-qualified performance stock options in order to encourage the executives in achieving longer-term strategic goals. Achievement will be determined based on comparisons to pre-established targets for fiscal 2020. The fair value was determined using a Black-Scholes option pricing model for the July 2020 potential vesting tranche. The assumptions and resulting fair value for the potential vesting tranche included in the amounts disclosed are: a risk-free interest rate of 1.2%; dividend yield of 3.6%; volatility factor of 0.18; expected option term life of 6.5 years; and a fair value of \$5.86 per share.

### Non-Equity Incentive Plan Compensation (Column (g))

---

The amounts in this column are the amounts earned under the annual incentive program. These amounts were paid in July following the applicable fiscal year end. Refer to the discussion in the CD&A "Elements of Compensation", subsection "Annual Officer Performance Incentive Program" for information on performance targets and achievement against those targets to determine the amount earned under this program for fiscal 2017.

### All Other Compensation (Column (h))

---

The amounts reported in this column include the Company matching contributions under the 401(k) Plan.

### Estimated Future Payouts Under Non-Equity Incentive Plan Awards (Columns (d), (e), and (f))

The amounts in these columns consist of possible payouts under our annual incentive program for fiscal 2017. The amounts actually earned by each NEO for fiscal 2017 are reported as Non-Equity Incentive Plan Compensation in the Fiscal 2017 Summary Compensation Table.

## NEO Compensation

### Estimated Future Payouts Under Equity Incentive Plan Awards (Columns (g), (h), and (i))

---

The amounts in these columns consist of performance shares, LTIP performance stock options, and LTIP performance-based restricted stock granted during fiscal 2017 under the 2002 Plan. The performance share targets are over a two-year performance period. At the end of the performance period, actual shares earned will be determined and will be restricted with an additional one-year service requirement. Once the performance period is completed, the NEOs will have voting rights and earn dividends on the underlying restricted shares earned. Dividends earned during the one-year service period on restricted shares earned are paid at the time of vesting. Upon death or disability, a pro-rata portion of actual performance shares earned for the performance period will be received based on number of days from the beginning of the performance period until the date of death or disability out of the total number of days in the performance period.

The LTIP performance stock options and LTIP performance-based restricted stock will vest if targets for fiscal 2020 are met. For both these components, there is a threshold, target, and maximum. During the performance period, the NEOs will not have voting rights or earn dividends on the underlying shares. Upon death or disability, any unvested portion of the award will be forfeited and immediately cancelled.

### All Other Stock Awards: Number of Shares of Stock or Units (Column (j))

---

The amounts in this column consist of time-based restricted stock granted in fiscal 2017 under the 2002 Plan. All shares underlying these awards are restricted in that they are not transferable until they vest. One-third of these shares vest annually over a three-year period from the date of grant, provided the NEO is an employee of the Company on the vest date. Upon death or disability, these shares fully vest. The NEOs have voting rights and earn dividends on the underlying shares. Dividends are paid at the time of vesting.

### All Other Option Awards: Number of Securities Underlying Options (Column (k))

---

The amounts in this column consist of time-based stock options granted in fiscal 2017 under the 2002 Plan. These stock options have an exercise price equal to the closing stock price on the date of grant, have a term of ten years, and vest 25% per annum over a four-year period from the date of grant, provided the NEO is an employee of the Company on the vesting date. Upon death or disability, all unvested options fully vest.

### Grant-Date Fair Value of Stock and Option Awards (Column (m))

---

The amounts in this column represent the aggregate grant-date fair value of restricted stock, performance shares, stock options, LTIP performance stock options, and LTIP performance-based restricted stock granted in fiscal 2017 under the 2002 Plan as follows:

- The fair value of the time-based restricted stock awards was \$60.84 per share, and was equal to the closing price of the underlying common stock on the date of grant.
- The fair value of the performance shares was based on achievement at target and was \$57.18 per share. This was equal to the closing price of the underlying common stock on the date of grant less the present value of expected dividends over the performance period, as dividends are not earned during the performance period.
- The fair value of the annual stock option grant was \$5.71 per share, and was determined using a Black-Scholes option pricing model.
- The fair value of the LTIP performance-based restricted stock was based on achievement at target and was \$53.61 per share. This was equal to the closing price of the underlying common stock on the date of grant less the present value of expected dividends over the performance period, as dividends are not earned during the performance period.
- The fair value of the LTIP performance stock options was based on achievement at target and was \$5.86 per share. This was determined using a Black-Scholes option pricing model.

In those instances when the outstanding options are out of the money (the option exercise price is greater than the closing price), no value is provided. This column is not required by the rules relating to executive compensation disclosures and is not a substitute for information required by Item 402 of SEC Regulation S-K, but rather is intended to provide additional information that stockholders may find useful.

## Number of Shares or Units and Market Value of Shares or Units That Have Not Vested (Columns (i) and (j))

The stock awards in this column include awards on July 9, 2014, July 8, 2015, and July 6, 2016 that are subject to time-based vesting pro rata over three years. ## POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

### FISCAL 2017

#### Change In Control Plan

---

The Company has a Change in Control Plan covering the officers of the Company. Upon involuntary termination by the Company without cause or a voluntary termination by the participant for good reason, within 12 months following a Change in Control, as defined in the Change in Control Plan, the officer becomes entitled to certain severance benefits. "Cause" means the participant's dereliction of duty to the Company, conviction for a felony, or willful misconduct that has a substantial adverse effect on the Company. "Good reason" means a significant change to the duties, authority, or position that were assigned immediately before the change in control including: the reduction in or removal of any material duties, authority, or position within the Company; assignment of duties inconsistent with the participant's position, authorities, or responsibilities; material reduction to base salary, annual incentive, or other elements of total compensation; relocation of the participant's principal workplace to an area outside of a 50-mile radius; or the failure of a successor company to assume or adopt this plan.

The severance benefits, which are conditioned upon the execution of a general release in favor of the Company, are as follows:

- Cash compensation in the form of a lump-sum payment equal to a multiple of Annual Cash Compensation (Base Salary and Bonus at target) as determined by position within the Company (CEO — 2.0; SVP — 1.5);
- Lump-sum cash payment for pro-rated portion of current year annual cash performance incentive award at target;
- Immediate vesting of all outstanding time-based equity awards. Performance-based equity awards will vest at target performance levels on a pro-rated basis; and
- Lump-sum payment for the cost to continue basic life insurance, medical, dental, vision, and hospitalization benefits for the applicable Continuation Period, which is determined as the number of years equal to the participant's multiplier (CEO — 2.0; SVP — 1.5).

The plan does not provide for tax gross-ups. The summary of the terms of the foregoing plan is qualified in its entirety by reference to the text of the plan document. For more information, refer to the Paychex, Inc. Change In Control Plan, incorporated by reference from Exhibit 10.24 to the Company's Form 10-K filed with the SEC on July 15, 2011.

#### Other Separation Benefits

---

With the exception of the Change in Control Plan, NEOs are not entitled to severance benefits. However, for all NEOs, upon death or disability all unvested time-based stock options and restricted stock awards become fully vested according to the terms of the award agreements under the 2002 Plan. Upon death or disability, a NEO shall be entitled to a prorated portion of actual shares earned under a performance share award, based on the number of days in the performance period until the date of death or disability as a percentage of the total number of days in the performance period. The LTIP award agreement does not have a provision allowing vesting of a portion of the award at death, disability, or retirement.

Upon death, disability, or retirement, NEOs may be eligible to receive an annual incentive program payout based on actual fiscal year results and calculated using the base pay received by the NEO during the performance period.

## NON-QUALIFIED DEFERRED COMPENSATION

### FISCAL 2017

We offer a non-qualified and unfunded deferred compensation plan to our NEOs. Eligible employees are able to defer up to 50% of their base salary and annual incentive program award. The Company does not contribute to this plan. Gains and losses are credited based on the participant's selection of a variety of designated investment choices. The NEO has sole control as to which of the designated funds to invest in, and earns the resulting return on such investment. We do not match any participant deferral or guarantee a certain rate of return. Distributions are paid at one of the following dates selected by the participant: the participant's termination date; the date the participant retires from any active employment; or a designated specific date. Payments can be made either in a lump sum or in annual installments over a period not to exceed ten years.

The following table summarizes the NEO benefits under the plan:

Name (a)	Fiscal 2017			Aggregate Balance as of May 31, 2017 (\$) (e)
	Executive Contributions (\$) (b)	Aggregate Earnings, Net (\$) (c)	Aggregate Withdrawals/ Distributions (\$) (d)

## PROPOSAL 4: RATIFICATION OF SELECTION OF PRICEWATERHOUSECOOPERS LLP TO SERVE AS THE INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

### Proposal Snapshot

- *What am I voting on?*

Stockholders are being asked to ratify the appointment of PricewaterhouseCoopers LLP (“PwC”) as the Company’s independent registered accounting firm (the “independent accountants”) for the fiscal year ending May 31, 2018 (“fiscal 2018”).

- *Voting Recommendation*

The Board of Directors recommends a vote FOR the ratification of PwC as the Company’s independent accountants for fiscal 2018.

The Audit Committee has appointed PwC as the Company’s independent accountants for fiscal 2018. The firm has served as the independent accountants for the Company since the fiscal year ended May 31, 2014. In connection with the decision to appoint PwC, the Audit Committee evaluates: their reputation, qualifications, and experiences; quality of communications and interactions during the past year; and their independence and objectivity. Although action by stockholders in this matter is not required, the Audit Committee believes that it is appropriate to seek stockholder ratification of this appointment and to seriously consider stockholder opinion on this issue. If the stockholders do not ratify the appointment, the Audit Committee will review its future selection of the independent accountants, but may still retain them.

The Audit Committee is also responsible for the audit fee negotiations associated with the Company’s retention of PwC. In order to assure continuing auditor independence, the Audit Committee periodically considers whether there should be a regular rotation of the independent accountants. Additionally, the Audit Committee and its Chairman are directly involved in the selection and mandated rotation of the lead engagement partner from PwC. The members of the Audit Committee believe that the continued retention of PwC to serve as the Company’s independent accountants is in the best interest of the Company and its stockholders.

Representatives from PwC will be present at the Annual Meeting, will be afforded the opportunity to make any statements they wish, and will be available to respond to appropriate questions from stockholders.

To ratify the appointment of PwC, a majority of the shares present in person or by proxy and entitled to vote at the Annual Meeting must be voted for the proposal.

**The Board recommends a vote FOR the proposal to ratify the appointment of PwC as the Company’s independent accountants for fiscal 2018.**

The Audit Committee has discussed with the independent accountants the matters required to be discussed by Statement on Auditing Standards No. 61 (Codification of Statements on Auditing Standards, AU 380) and SEC Rule 207. The independent accountants have provided the Audit Committee with written disclosures and the letter required by the Public Company Accounting Oversight Board regarding independent accountants' communications with the audit committee concerning independence, and the Audit Committee has discussed with the independent accountants and management the accountants' independence. The Audit Committee approved non-audit services provided by PricewaterhouseCoopers LLP during fiscal 2017. The Audit Committee considered whether PricewaterhouseCoopers LLP's provision of non-audit services to the Company and its affiliates and the fees and costs billed for those services, is permissible with PricewaterhouseCoopers LLP's independence. The Audit Committee has a clear policy on non-audit services that may be provided by the independent accountants, which prohibits certain categories of work and requires pre-authorization for all non-audit related services.

Based upon the reviews and discussions referred to above, the Audit Committee recommended and the Board approved that the audited consolidated financial statements be included in the Company's Form 10-K for fiscal 2017 for filing with the SEC. The Audit Committee has recommended for approval by the Board the selection of the Company's independent accountants.

## FREQUENTLY ASKED QUESTIONS

### What is a Proxy Statement and What Is a Proxy?

We are furnishing this proxy statement to stockholders on behalf of our Board, who is soliciting your proxy to vote at the Annual Meeting. A proxy statement is a document that SEC regulations require us to give you when we ask you to sign a proxy designating individuals to vote on your behalf. This proxy statement summarizes information concerning the matters to be presented at the Annual Meeting and related information to help stockholders make an informed vote.

A proxy is your legal designation of another person to vote the stock that you own. That other person is called a proxy. The proxy card is your written document that designates someone to be your proxy. We have designated two of our officers as proxies for the Annual Meeting — Martin Mucci, President and CEO, and Efrain Rivera, SVP, CFO and Treasurer.

Distribution of this proxy statement and a form of proxy to stockholders is scheduled to begin on or about September 8, 2017.

### When and Where Is the Annual Meeting?

The Annual Meeting will be held on Wednesday, October 11, 2017 at 10:00 a.m. Eastern Time at The Strong, One Manhattan Square, Rochester, NY 14607.

### What Am I Voting On? How Do You Recommend I Vote?

The table below shows the proposals subject to vote at the Annual Meeting, along with information on what vote is required to approve each of the proposals, assuming the presence of a quorum at the Annual Meeting, and the Board's recommendations for each proposal. With respect to Proposals 1, 2, and 4, you may vote "FOR," "AGAINST," or "ABSTAIN." With respect to Proposal 3, you may vote "ONE YEAR," "TWO YEARS," "THREE YEARS," or "ABSTAIN."

Proposal	Vote Required	Board Recommendation
Proposal 1: Election of ten nominees to the Board of Directors for a one-year term	Majority of the votes duly cast	<b>FOR</b> all director nominees
Proposal 2: Advisory vote to approve the Company's named executive officer compensation	Majority of the shares present in person or by proxy and entitled to vote	<b>FOR</b>
Proposal 3: Advisory vote on the frequency of future advisory votes on named executive officer compensation	Majority of the shares present in person or by proxy and entitled to vote	<b>ONE YEAR</b>
Proposal 4: Ratification of the selection of PricewaterhouseCoopers LLP to serve as our Independent Registered Public Accounting Firm	Majority of the shares present in person or by proxy and entitled to vote	<b>FOR</b>

## Who is Entitled to Vote At the Annual Meeting?

Stockholders of record of our common stock as of the close of business on August 14, 2017 (the "Record Date") will be eligible to vote at the Annual Meeting. Each share outstanding as of the Record Date will be entitled to one vote.

## How Many Shares Must Be Present to Hold the Annual Meeting?

In order for us to conduct our Annual Meeting, the holders of a majority of the shares entitled to vote must be present at the Annual Meeting in person or by proxy. This is called a quorum. A quorum is necessary to hold a valid meeting. As of August 14, 2017, 358,628,583 shares of common stock were issued and outstanding. A total of 179,314,292 shares will constitute a quorum.

## What is The Difference Between a Registered Stockholder and a Beneficial Stockholder?

If your shares are registered directly in your name with the Company's transfer agent, American Stock Transfer & Trust Company, LLC, you are considered a stockholder of record, or a **registered stockholder**, with respect to those shares. If your shares are held in a brokerage account in the name of your bank, broker, or other nominee (this is called "street name"), you are not a registered stockholder, but rather are considered a **"beneficial owner"** of those shares. Your bank, broker, or other nominee will send you instructions on how to vote your shares.

## What Shares are Included on the Proxy Card?

You may receive more than one proxy card if you have multiple accounts with our transfer agent, or with banks, brokers, or other nominees.

If you are a **registered stockholder**, you will receive a proxy card for shares of common stock you hold in certificate form or in book-entry form.

If you are a participant in the Paychex Employee Stock Ownership Plan Stock Fund ("ESOP") of the Company's 401(k) Plan, you will receive a proxy card that reflects those shares. You can vote those shares using the methods described below. This will serve as a voting instruction for Fidelity Management Trust Company (the "Trustee"), who is the holder of record for the shares in the ESOP. As a participant in the ESOP, you have the right to direct the Trustee on how to vote the shares of common stock credited to your account at the Annual Meeting. The participants' voting instructions will be tabulated confidentially. Only the Trustee and/or the tabulator will have access to each participant's individual voting direction. If you do not submit voting instructions for your shares of common stock in the ESOP, those shares will be voted by the Trustee in the same proportions as the shares for which voting instructions were received from other participants. To allow sufficient time for voting by the Trustee, voting instructions by ESOP participants must be received by 11:59 p.m. Eastern Time on Friday, October 6, 2017. The Trustee will then vote all shares of common stock held in the ESOP by the established deadline.

If you are a **beneficial owner**, you will receive voting instruction information from the bank, broker, or other nominee through which you own your shares of common stock.

## How Do I Vote In Advance of the Annual Meeting?

**Registered stockholders or participants in the ESOP** can vote in one of the following ways:

- **Via the Internet** — Go to the website noted on your proxy card in order to vote via the Internet. Internet voting is available 24 hours a day. We encourage you to vote via the Internet, as it is the most cost-effective way to vote.
- **By telephone** — Call the toll-free telephone number indicated on your proxy card and follow the voice prompt instructions to vote by telephone. Telephone voting is available 24 hours a day.
- **By mail** — Mark your proxy card, sign and date it, and return it in the enclosed postage-paid envelope. If you elected to electronically access the proxy statement and Annual Report, you will not receive a proxy card and must vote via the Internet.
- **By mobile device** — Scan this QR code

Proxies submitted by Internet or telephone must be received by 11:59 p.m. Eastern Time on Tuesday, October 10, 2017. If you vote by telephone or the Internet, you do not need to return your proxy card.

## May I Vote In Person at the Annual Meeting?

---

If you are a **registered stockholder**, you may vote your shares at the Annual meeting if you attend in person, even if you previously submitted a proxy card or voted by Internet or telephone. Whether or not you plan to attend the meeting, however, we strongly encourage you to vote your shares by proxy before the meeting.

***If you are a beneficial owner, and want to vote your shares in person at the Annual Meeting, you will need to ask your bank, broker, or other nominee to furnish you with a legal proxy. You must hand this legal proxy in with your completed ballot. Without this legal proxy you will be unable to vote at the meeting.***

## May I Change My Mind After I Vote?

---

**Registered stockholders** may change a properly executed proxy at any time prior to it being voted at the Annual Meeting by:

- providing written notice of revocation to the Corporate Secretary;
- submitting a later-dated proxy via the Internet, telephone, or mail; or
- voting in person at the Annual Meeting.

**Beneficial owners** should contact their broker, bank, or other nominee for instructions on how to change their vote.

If you are a participant in the ESOP, you may change a properly executed proxy at any time prior to 11:59 p.m. Eastern Time on October 6, 2017, by submitting a proxy that has a more recent date than the original proxy by Internet, telephone, or mail. You may not, however, change your voting instructions in person at the Annual Meeting because the Trustee will not be present.

## In What Manner Are Proxies Voted? What if I Returned My Proxy Card Without Specifying a Vote?

---

All votes properly cast and not revoked will be voted at the Annual Meeting in accordance with the stockholder's directions. You should specify your choice for each matter on your proxy card. However, if you do not specify your choices on your returned proxy card, then your shares will be voted in accordance with the Board's recommendations. Should any matter not described above be properly presented at the Annual Meeting, the persons named on the proxy form will vote in accordance with their judgment as permitted.

If you are a **beneficial owner**, in order to ensure your shares are voted the way you would like, you must provide voting instructions to your bank, broker, or other nominee. If you do not provide your voting instructions to that party, whether your shares can be voted depends on the type of item being considered for vote. New York Stock Exchange ("NYSE") rules allow your bank, broker, or other nominee to use its own discretion and vote your shares on routine matters. A bank, broker, or other nominee does not have discretion to vote your shares on non-routine matters (known as "broker non-votes"). Proposals 1, 2, and 3 are not considered to be routine matters under the current NYSE rules, and so your bank, broker, or other nominee will not have the discretionary authority to vote your shares on those items. Proposal 4 is considered a routine matter under NYSE rules, so your bank, broker, or other nominee will have discretionary authority to vote your shares on that item.

## How Are Broker Non-Votes and Abstentions Counted?

---

Broker non-votes are not considered votes for or against a proposal and therefore will have no direct impact on any proposal since they are not deemed to be duly cast nor entitled to vote, but they will be counted for the purpose of determining the presence or absence of a quorum. ***Therefore, we urge you to give voting instructions to your bank or broker on all voting items.***

Abstentions are also counted for the purposes of establishing a quorum, but will have the same effect as a vote against a proposal, except in regards to the election of directors. For this item, abstentions will have no direct impact.

## How Can I Find The Results of the Voting?

---

We will announce the preliminary voting results at the Annual Meeting. The Company will report the final results in a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting.

## Can I Access Proxy Materials On the Internet?

---

The Notice of Annual Meeting of Stockholders, Proxy Statement, and Annual Report are available on the Company's website at <http://investor.paychex.com/annual-report.aspx>. You can also access these documents via the Company's 2017 Annual Meeting page at <http://investor.paychex.com/annual-meeting.aspx>.

As an alternative to receiving paper copies of the proxy statement and Annual Report in the mail, stockholders can elect to receive an e-mail message, which will provide a link to these documents on the Internet. Opting to receive your proxy materials online saves the Company the cost of producing and mailing bulky documents and reduces the volume of duplicate information received by you.

For **registered stockholders**, to give your consent to receive future documents via electronic delivery, vote your proxy via the Internet and follow the instructions to enroll in the electronic delivery service. For **beneficial owners**, please check the information in the proxy materials provided by your bank, broker, or other nominee regarding the availability of electronic delivery service.

## Are There Any Other Actions to be Presented at the Annual Meeting?

---

As of the date of this proxy statement, management does not intend to present, and has not been informed that any other person intends to present, any matter for action at the Annual Meeting other than those described in this proxy statement. If any other matters properly come before the Annual Meeting, the persons named in the enclosed proxy will vote on such matters in accordance with their judgment.

## Who Pays for the Cost of Solicitation of Proxies?

---

Solicitation of proxies is made on behalf of the Company and the Company will pay the cost of solicitation of proxies. The Company will reimburse any banks, brokers and other custodians, nominees, and fiduciaries for their expenses in forwarding proxies and proxy solicitation material to the beneficial owners of the shares held by them. In addition to solicitation by use of the mail or via the Internet, directors, officers, and regular employees of the Company, without extra compensation, may solicit proxies personally or by telephone or other communication means.

## How Are Proxy Materials and the Company's Annual Report Being Delivered?

---

The Notice of Annual Meeting of Stockholders, Proxy Statement, Proxy Card, and Annual Report are being mailed to stockholders on or about September 8, 2017. You may also obtain a copy of our Form 10-K filed with the SEC, without charge, upon written request submitted to Paychex, Inc., 911 Panorama Trail South, Rochester, New York 14625-2396, Attention: Investor Relations.

## What is Householding?

---

In accordance with the Exchange Act, the Company delivers materials to stockholders under a program known as "householding." Under the householding program, the Company is delivering one copy of its Annual Report and Proxy Statement in a single envelope addressed to all stockholders who share a single address, unless such stockholders previously notified the Company that they wish to revoke their consent to the householding. Householding is intended to reduce the Company's printing and postage costs.

You may revoke your consent at any time by calling toll-free (800) 542-1061 or by writing to Broadridge Investor Communications Services, Attention: Broadridge Householding Department, 51 Mercedes Way, Edgewood, New York 11717. If you revoke your consent, you will be removed from the householding program within 30 days of receipt of your revocation, and each stockholder at your address will receive individual copies of the Company's disclosure documents.

Stockholders of record residing at the same address and currently receiving multiple copies of the Annual Report and Proxy Statement and who wish to receive a single copy may also contact Broadridge Investor Communications Services at the phone number and address noted above. Beneficial owners will need to contact their broker, bank, or other nominee to request that only a single copy of each document be mailed to all stockholders at the shared address in the future.

The Company hereby undertakes to deliver upon oral or written request a separate copy of its Proxy Statement and Annual Report to a security holder at a shared address to which a single copy was delivered. If such stockholder wishes to receive a separate copy of such documents, please contact Terri Allen, Investor Relations, either by calling toll-free (800) 828-4411 or by writing to Paychex, Inc., 911 Panorama Trail South, Rochester, New York 14625-2396, Attention: Investor Relations.

If you own Paychex stock beneficially through a bank, broker, or other nominee, you may already be subject to householding if you meet the criteria. If you wish to receive a separate Proxy Statement and Annual Report in future mailings, you should contact your bank, broker, or other nominee.

## How Do I Submit a Proposal for Next Year's Annual Meeting?

---

Stockholder proposals, which are intended to be presented at the 2018 Annual Meeting of Stockholders, for inclusion in the Company's proxy statement pursuant to SEC Rule 14a-8, must be received by the Company at its executive offices on or before May 12, 2018. Any such proposals, including stockholder proposals for candidates for nomination for election to the Board, must be submitted in accordance with applicable SEC rules and regulations, and follow the Company's procedures under "Communications with the Board of Directors."

Stockholder proposals that are intended to be presented at the 2018 Annual Meeting of Stockholders but not included in the Company's proxy statement must be received by the Company's Corporate Secretary at our executive offices on or before July 26, 2018. We will not permit stockholder proposals that do not comply with the foregoing notice requirement to be brought before the 2018 Annual Meeting of Stockholders.

## APPENDIX A

### PAYCHEX, INC. NON-GAAP FINANCIAL MEASURES

The following table reconciles the GAAP measures to the related non-GAAP measures that were utilized within this proxy statement.

\$ in millions	For the Fiscal Years Ended May 31,				
	2017	Change	2016	Change	2015
<b>Operating income (GAAP)</b>	<b>\$1,240</b>	<b>8%</b>	<b>\$1,147</b>	<b>9%</b>	<b>\$1,054</b>
Less: interest on funds held for clients	(51)	10%	(46)	9%	(42)
<b>Operating income, net of certain items (non-GAAP)</b>	<b>\$1,189</b>	<b>8%</b>	<b>\$1,101</b>	<b>9%</b>	<b>\$1,012</b>
<b>Net income (GAAP)</b>	<b>\$ 817</b>	<b>8%</b>	<b>\$ 757</b>	<b>10%</b>	<b>\$ 675</b>
Non-GAAP adjustments:					
Excess tax benefit related to employee stock-based compensation payments	(18)		—		—
Net tax benefit on income derived from prior tax years related to customer-facing software we produced	—		(21)		—
Total non-GAAP adjustments	(18)		(21)		—
<b>Adjusted net income (non-GAAP)</b>	<b>\$ 799</b>	<b>9%</b>	<b>\$ 736</b>	<b>9%</b>	<b>\$ 675</b>
<b>Diluted earnings per share (GAAP)</b>	<b>\$ 2.25</b>	<b>8%</b>	<b>\$ 2.09</b>	<b>13%</b>	<b>\$ 1.85</b>
Non-GAAP adjustments:					
Excess tax benefit related to employee stock-based compensation payments	(0.05)		—		—
Net tax benefit on income derived from prior tax years related to customer-facing software we produced	—		(0.06)		—
Total non-GAAP adjustments	(0.05)		(0.06)		—
<b>Adjusted diluted earnings per share (non-GAAP)</b>	<b>\$ 2.20</b>	<b>8%</b>	<b>\$ 2.03</b>	<b>10%</b>	<b>\$ 1.85</b>

In addition to reporting the U.S. GAAP measures of operating income, net income, and diluted earnings per share, we present operating income, net of certain items, adjusted net income, and adjusted diluted earnings per share, which are non-GAAP measures. We believe operating income, net of certain items, adjusted net income, and adjusted diluted earnings per share are appropriate additional measures, as they are indicators of our core business operations performance period over period. Operating income, net of certain items, excludes interest on funds held for clients. Interest on funds held for clients is an adjustment to operating income due to the volatility of interest rates, which are not within the control of management. Adjusted net income and adjusted diluted earnings per share both exclude the additional tax benefit or shortfall related to employee stock-based compensation payments recognized in income taxes. This arose from early-adoption in June 2016 of new accounting guidance, but will be a recurring item going forward. This item is subject to volatility and will vary based on employee decisions on exercising employee stock options and fluctuations in our stock price, neither of which is in the control of management. Also excluded is a net tax benefit that was recorded in fiscal 2016 for income derived in prior tax years related to customer-facing software that we produced. This was an unusual event that is not expected to recur. We believe presenting net income and diluted earnings per share excluding these particular discrete tax items allows a better understanding of core business performance. Operating income, net of certain items, adjusted net income, and adjusted diluted earnings per share are not calculated through the application of GAAP and are not a required form of disclosure by the SEC. As such, they should not be considered as a substitute for the respective GAAP measures of operating income, net income, and diluted earnings per share, and therefore should not be used in isolation, but in conjunction with, the GAAP measures. The use of any non-GAAP measure may produce results that vary from the GAAP measure and may not be comparable to a similarly defined non-GAAP measure used by other companies.

## APPENDIX B

### PAYCHEX, INC. RECONCILIATION OF PERFORMANCE MEASURES TO THOSE REPORTED IN THE COMPANY'S CONSOLIDATED FINANCIAL STATEMENTS

Under the Company's incentive compensation programs, performance targets are often based on measures of service revenue and operating income, net of certain items (see Note 1 below regarding this non-GAAP measure). In evaluating achievement, the programs allow for certain adjustments to be made to the results reported in the consolidated financial statements. For fiscal 2017 and fiscal 2016, adjustments were related to businesses acquired.

The following table reconciles the results reported in our consolidated financial statements to those representing achievement under the award agreement for the July 2015 performance shares.

In millions	Year ended May 31,		2-Year Performance Period
	2017	2016	
<b>Service revenue</b>	<b>\$3,101</b>	<b>\$2,906</b>	<b>\$6,007</b>
Adjustments:			
Service revenue associated with acquired businesses	(46)	(18)	(64)
<b>Service revenue, as calculated under the award</b>	<b>\$3,055</b>	<b>\$2,888</b>	<b>\$5,943</b>
<b>Operating income (GAAP measure)</b>	<b>\$1,240</b>	<b>\$1,147</b>	<b>\$2,387</b>
Less: Interest on funds held for clients	(51)	(46)	(97)
Operating income, net of certain items <sup>(1)</sup>	1,189	1,101	2,290
Adjustments allowed under the award:			
Operating income, net of certain items, associated with acquired businesses	(16)	(6)	(22)
<b>Operating income, net of certain items, as calculated under the award</b>	<b>\$1,173</b>	<b>\$1,095</b>	<b>\$2,268</b>

(1) Operating income, net of certain items, is a non-GAAP measure that is provided in addition to the U.S. GAAP measure of operating income for purposes of compensation program performance metrics. Refer to discussion of non-GAAP measures and reconciliation to the related GAAP measure in Appendix A.
